DODGE PRICES NOT REDUCED

Official confirmation of press dispatches from Detroit, announcing that there would be no reduction in the price of Dodge Brothers motor cars, has been received by H. B. Wakefield the Dodge Brothers dealer in this city. A telegram from C. W. Matheson, acting general sales manager to the local dealer, reads:

"Dodge Brothers policy has ever been to give full value for the price asked. There will be no reduction in the present price of Dodge Brothers motor cars. Newspaper reports to the contrary are absolutely untrue." "Dodge Brothers announcement was no surprise to us," said Mr. Wakefield. "In fact it is only a substantiation of Dodge Brothers business principles. At no time have they ever demanded an excess amount for their product. As in the past, they will continue in the future to demand a fair return for their efforts." "The mere fact that the demand for Dodge Brothers motor cars is still greater than the supply, despite the great expansion program at the factory, has absolutely nothing to do with the decision to continue the present prices. In marketing their car Dodge Brothers have never made a point of price and will never sacrifice the quality of their product to enter price competition."—Adv. 11*
