SENTIMENT IS SWINGING TO G. O. P. TICKET

PORTLAND, Oct. 8.—Careful analysis of reports from many sources received at republican state headquarters indicate that Oregon will swing its five electoral votes to Harding and Coolidge, the republican standard bearers on election day, November 2.

Thomas H. Tongue, Jr., republican state chairman, in a statement issued today said that a republican victory was certain:

"The people of Oregon have made up their minds to have a change of administration. They are tired of democratic waste, democratic incompetence and democratic extravagance."

"Harding and Coolidge are typical Americans. They will put an end to one man rule and autocracy. They will restore our well-trying form of constitutional government. They will introduce economy and efficiency into our national affairs and make it possible, through economy and good business administration, to lower our heavy war taxes and the high cost of living."

"The people are commencing to realize that the affairs of government and the high cost of living are closely related. The waste of billions has to be paid by the people in the form of higher taxes, many of them indirect and covered up in the price of the articles they consume."

"The republican candidates are pledged to a policy of economy and retrenchment and to pay attention to domestic issues which affect the every day lives of the people."

"Harding is a man that grows upon the people with acquaintance. They like him because he is making a clean, constructive campaign. They admire his grasp of the economy problems of the day and they like the way he sticks to the campaign issues and refuses to become engaged in controversies over trivial personalities or extraneous issues. Harding will make a president the American

people will be proud to have as their chief executive.
"The farmers of the state are vitally interested in the constructive program that Harding has for the building up of American agriculture. They approve of his plan for the development of the federal farm loan system by which the tenant on the rented farms and the hired laborers will be given help so that they may eventually become farm owners themselves."

Farmers For Harding
"The republican party was founded by farmers and they are still the backbone of the party. The Oregon farmer knows that Harding stands for the protective tariff and they approve of his policy of protecting the products of the farm."

"Oregon farmers are now undergoing the competition of South American beef and hides, Australian wool, New Zealand butter, Chinese eggs and many other products which can be sold in our home markets for less than we can produce them."

"No wonder the Oregon farmer is going to vote for a republican president, a republican senator and republican congressman."

"While Oregon is properly put in the republican column by such trained political writers as David Lawrence and Mark Sullivan, Republicans should not slacken their efforts."

"We must roll up a big plurality and the size of it depends upon the exertions of republican men and women for the next 30 days. Republicans must not fail to go to the polls on election day."

Republican Senator Needed
"The republican majority in the senate is in peril. It is now down to one. Many of the contests are close. Many of the republican senators have hard fights."

"It may be that Oregon's one vote would give the control to the democrats."

"If the republican party loses control of the senate, Presiding Harding would be hampered in his administration."

"Republican policies, republican protective tariff, republican economies and reforms would go by the boards. President Harding cannot have a successful administration without republican control of the senate."

"Oregon republicans should stand loyally behind Harding and Coolidge and vote for Robert N. Stanfield, the republican nominee for United States senator."

"Oregon is a republican state. There are 228,571 republicans, and 93,405 democrats registered, a republican plurality of 135,166. Every registered republican should vote for Harding and Coolidge and Stanfield, should stand steadfast and firm for republican principles."

"Reports from all over the state indicate that republican spirit is rising and that the determination is growing to make a clean sweep. This means that Stanfield will certainly be elected United States senator."

LEADER SAYS LABOR MUST BACK G. O. P.

CHICAGO, Oct. 8.—Declaration that labor must support the Republican party this year by T. V. O'Connor of Buffalo, president of the International Long Shoremens' association since 1908 and a prominent national labor leader, is attracting no end of notice here as well as elsewhere. Mr. O'Connor called on Senator Harding at Marion and announced that although he has been a Democrat he will this year vote for Harding and Coolidge.

The significance of this is emphasized by the fact that the International Long Shoremens' association comprises 90,000 members, and by the further fact that a few years ago Mr. O'Connor was elected, as a Democrat, to membership in the New York constitutional convention.

If the Wood Dealer Sold Service
We do not sell current; we sell service. That sounds odd doesn't it?
Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.
Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.
That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.
If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.

Vote for George Chastain For County Judge
HE STANDS ON THE PLATFORM OF PROGRESS

His election means for Klamath County an administration of county affairs in which money will cease to be paid for attorneys fees and more money will be available for road building; in which no money will be paid to private detective agencies and more money will be spent in school development.

If you as a taxpayer and voter stand for progress, how can you do otherwise than endorse the attitude shown by this extract from Mr. Chastain's signed and published statement:

"I hope to have an administration that will mean progress for the county, good roads, schools and a careful business management of county affairs that will advance the community and reflect credit on me and I do not feel that I can accomplish this if I must always have the clanking chains of three courthouses dragging around with me the carcass of an issue that has been too many long years unburied."
