## COMB SAGE TEA INTO GRAY HAIR

## DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur. An easier way is to get the phur recipe at home, though, is trouble to use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it is done so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes dark, glossy, soft, and luxuriant, and you appear years younger.

# he wanted to know

PUROLA

Four ordinary shaving creams

So he took an inch of Purula and a like amount from four other shaving creams and worked up a lather from each. He put the results on separate glass slabs.

Here are the comparative volumes of lather at the end of one minute:

Then he went farther and found out that Purula gives 150 times its volume in lather and that there are 150 shaves in every tube.

He also found out Purula will work up a lather quicker than any ordinary shaving cream.

He believes Purula is the quickest, most economical and most satisfying shaving cream made.

So do we! So will you!

If you don't—return any part of the tube to the dealer and get your money back.
