Philadelphia North American—Mr. Cox is right in his statement that Cox is running this year. Wilson isn't, except for one little omission; actually the situation is Cox is also running.

Stefansson found the blond Eskimos disliked all forms of civilized diet.

Washington Post—Cox's statement that "as soon as Wilson enters the spirit world he will rank with Thomas Jefferson and Abe Lincoln" will receive a careful rereading at the white house.

The world's diamonds would all go in a box making an eight-foot cube.

REVISION OF BOUNDARIES AIDS TRADE

CONSTANTINOPLE, Sept. 16.—(By Mail)—Owing to the general revision of boundaries of nations in the Balkans and other parts of the Levant, it is expected that trade avenues between the Near East and western Europe and the Americans will be revised in a manner that will benefit western nations that stand ready to meet the new conditions.

In the opinion of most experts familiar with the commercial conditions in the Levant there must inevitably be a greater proportion of shipping direct from points of production to Black sea ports than has existed during the war. In other words manufacturers will get into direct touch with merchants in big distribution centers and eliminate the middlemen and the trans-shipment in Constantinople docking facilities in Constantinople and the prices demanded of the lighterage trust and shipping agents dominated by various European governments are regarded as making this imperative.

Admiral Mark Bristol, the American high commissioner, recently visited Bulgaria and is much impressed by the thrift and industry of the Bulgarians and the skillful way in which they have cultivated all their land in an effort to throw off the bad effects of the war. He believes that Varna and Bourgas are destined to become much more important because of the intelligence and industry of the Bulgarians.

Most of this went to Germany, although the United States and England took small quantities. In 1913 the United States received 126,796 tons of this Georgian manganese. These ports also ship much Circassian walnut and licorice root. The ore, coal and oil ports are the centers to which American shipping will more naturally turn for return cargoes.

must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

TAKES SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Back-achy or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat
