Warren Hunt Hospital

We are constantly reminded by the many courtesies of the good will extended by the public towards this Hospital. It has filled a big need in a big, first-class fashion. It has not lacked for patronage or appreciation. Whatever is good in Hospital care, medicine or surgery, may be found here. The methods of this Hospital and its Staff, governed by the ethical standards of the American Medical Association, are the criterion of Southern Oregon. The co-operation of the public in the maintenance of this Hospital is imperative. Hospital care is expensive, but it is continually the bridge from disease to convalescence and health. The Management of this Hospital wants your support, and in return it offers you the conveniences and ideal care of your sick, afforded by talented nurses and modern equipment.

MARINE CORPS SHOWS SUBSTANTIAL GAIN

WASHINGTON, Oct. 18.—Recruiting for the marine corps has made a remarkable gain since July, when 826 recruits were enlisted. A substantial increase was recorded for August, when the total accepted applicants numbered 1335, and in September the total rose to 1656, more than doubling the figures for July. Early returns for October show a still greater increase, and it is expected that the final figures for the current month will far exceed the September total.

Enlistment figures in recent months have been increased by large numbers of former marines who are returning to the service. Many of the new recruits are men who have only recently reached the enlistment age, and recruiting officers report the younger recruits are attracted by the educational opportunities offered by the marine corps.

The marine corps has not launched any special advertising campaign, and the present unusual rise in en-

listments is attributed to the fact that many of the new recruits find conditions in the service desirable and are inducing their friends to join.

AT THE THEATERS

H. B. Warner, the celebrated actor, whose correct attire has earned for him the pseudonym of "the dandy" of the stage and screen, believes that overalls can be made to look as they serve.

ton studios in California while filming "Uncharted Channels," the latest Robertson-Colt release which opens at the Liberty theatre today, Mr. Warner said: "Overalls are being utilized by millions of workmen throughout the United States every day and they seem highly satisfied with them. I really can't see why they shouldn't be worn by the office worker with just as much satisfaction, providing the garment is properly tailored.

"Although I appear in overalls in "Uncharted Channels" that was not the first time I wore them. I have two suits, one which I use while working on my two automobiles and the other, of a special cut, to fish with. "If we should all make a concerted effort to wear the garment of labor there is no doubt that the high cost of clothing would soon find a place among the other relics of the great war."

Dick La Reno, who takes the part of "Satan" Humphrey, the owner of the Glory Ann, the three-masted schooner in "The Hell Ship," a William Fox production, starring Madeline Traverso, which will be shown at the Liberty theatre on Tuesday, really came into his own on the set.

We want to reason with you. We are here for the benefit of the common people, also for ourselves. We belong in the same class. If enough consumers pay today \$15.00 for a pair of shoes or \$60.00 for a suit of clothes, they make \$20.00 shoes and \$75.00 clothes a possibility. There is a chance they may run them up even higher. The only question is—how much will the traffic stand? Of course, everybody has a perfect right to pay as much for shoes and clothes as he sees fit during these prosperous times, but you should remember that shoes and clothes are, for some families, a dire necessity and that you are unwittingly instrumental in advancing merchandise for the large families that cannot afford to pay these prices. Before buying, look over our Suits from \$25.00 to \$40.00; Shoes from \$8.50 to \$11.50; Men's Underwear from \$2.50 to \$7.50 for all-wool union suits; Mackinaws from \$10.00 to \$15.00; Olive Drab Army Pants, \$6.50; Corduroy Pants, \$5.50.

Vote for George Chastain For County Judge

HE STANDS ON THE PLATFORM OF PROGRESS

His election means for Klamath County an administration of county affairs in which money will cease to be paid for attorneys fees and more money will be available for road building; in which no money will be paid to private detective agencies and more money will be spent in school development.

If you as a taxpayer and voter stand for progress, how can you do otherwise than endorse the attitude shown by this extract from Mr. Chastain's signed and published statement:

"I hope to have an administration that will mean progress for the county, good roads, schools and a careful business management of county affairs that will advance the county and reflect credit on me and I do not feel that I can accomplish this if I must always have the clanking chains of three courthouses dragging around with me the carcass of an issue that has been too many long years unburied."
