AT THE THEATERS

A new William Fox photoplay starring Madeline Traverso tells an unusual and thrilling story of the sea, of a fair girl who can master mutinous men but not her own heart. This picture, "The Hell Ship," will appear tonight at the Liberty theatre, and will give some unusually beautiful sea scenes, having been filmed on a ship on the Pacific ocean off Catalina Island and in San Francisco Bay.

When a valuable blue pearl was passed from a man to a woman in the seclusion of a famous roadhouse near New York, the trouble began; when the woman's husband saw

the pearl in possession of his wife, complications ensued, but when the pearl disappeared from the neck of the woman as she was about to be put under hypnotic influence in a crowded room, the suspense becomes so acute as to hold the audience almost breathless. That is the way "The Blue Pearl," the big super-feature, which comes to the Liberty on Wednesday starts.

Teak, during the reign of the Burmese kings, was the royal wood, and the king had a right to all teak.

In the early part of the 15th century carvers and gliders in Venice were permitted to attach their names to the frames of pictures by famous artists.

PORTLAND WORKS FOR PORT BILL

Considerable interest is being aroused in all sections of the state over the initiative measures to be voted on November second, known as the "Port of Portland Dock Commission Consolidation Bill."

A determined effort is being put forth in Portland to thoroughly acquaint the people throughout the state with the importance of adopting this bill in November.

The measure provides for the consolidation of the Port of Portland and the Dock Commission of that city and gives to the consolidated body sufficient funds to dredge and maintain a 30 foot channel in the Willamette and Columbia rivers from Portland to the sea. It also provides for the enlargement and betterment of the port facilities in the harbor at Portland.

The cost of this work will fall only upon the property within the port of Portland, which is practically Multnomah county, under the constitution of this state this taxing and bonding power cannot be granted to the port of Portland except by the people of the state.

Sponsors for the bill point to the fact that if Portland ever becomes a great port of entry the entire state will greatly profit as a result. Oregon producers must have access to the sea and the only way to get the grain, wool, livestock products, lumber and other products of this state to the markets of the world is through the port of Portland, which means cheaper freight and a greater return to the producer, which is the one thing that the whole state is interested in.

Among the Chinese a particular species of dog is reared for the table. The flesh of black dogs is preferred to that of animals of another color on account of the greater amount of nutriment it is supposed to possess.

**Vote for George Chastain
For County Judge**

HE STANDS ON THE PLATFORM OF PROGRESS

His election means for Klamath County an administration of county affairs in which money will cease to be paid for attorneys fees and more money will be available for road building; in which no money will be paid to private detective agencies and more money will be spent in school development.

If you as a taxpayer and voter stand for progress, how can you do otherwise than endorse the attitude shown by this extract from Mr. Chastain's signed and published statement:

"I hope to have an administration that will mean progress for the county, good roads, schools and a careful business management of county affairs that will advance the community and reflect credit on me and I do not feel that I can accomplish this if I must always have the clanking chains of three courthouses dragging around with me the carcass of an issue that has been too many long years unburied."

**BIG EATERS GET
KIDNEY TROUBLE**

The American men and women must guard constantly against Kidney trouble because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times a night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidney; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

When your kidneys feel like lumps of lead; makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.
