PECTACLE FOR SUMMER FOLK

ROCKPORT, Mass., Oct. 20.—The embarkment of moving targets at a from an artillery train on the ship's deck of the Boston and Massachusetts North are with a novel spectacle and city of some during the first days this month.

Military experts were especially interested in the demonstration as it was designed to show the feasibility of repelling an attack of war vessels by means of railroad artillery. At a distance of 13 miles from shore targets towed by a tug were a mark for the heavy guns of the 42nd United States coast artillery. The line towing the target was a mile or more in length and the batteries consisted of eight-inch guns, four to a battery mounted on specially constructed railroad cars. The guns which weigh 87 tons each carried projectiles weighing 200 pounds. The entire artillery trains consist-

ed of 34 cars. It was moved from Camp Devens in two sections and included cars for tools and ammunitions, a machine shop, a hospital, fire control, a kitchen, an office, mess, wireless and cars for the personnel.
The 42nd regiment, which is part of the 13th artillery brigade (railroad) has had a long and honorable record, dating back to revolutionary times and the Florida and Mexican wars.

SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR TO BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

AN OLD RECIPE TO DARKEN HAIR

SAGE TEA AND SULPHUR TURNS
GRAY, FADED HAIR DARK
AND GLOSSY.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. Yet dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by

morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

In China the newspapers are sold two and three times over. Collectors go about the city gathering up the newspapers of the previous day's issue, redistributing them among the lower class population. They are then further distributed by being sent out to the villages and country sections, where they are sold at a fraction of their original price.

If the Wood Dealer Sold Service

We do not sell current; we sell service. That sounds odd doesn't it?

Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.

That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.

If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.
