payors will have to pay an equal amount when the speech-making tour is completed by some of these same attorneys and their hangers-on.

Should Mr. Elliott receive \$3000 for doing three days' work on the courthouse case, how many dollars should be paid by the county court for making 30 speeches under the good government league for Mr. Bunnell and Mr. Short.

In parting might it not be well to advise Judge Bunnell and Mr. Short that it is not in keeping with the propitieties to have most of his silver-tongued orators from the lawyer profession.

FORMER COUNTY JUDGE ATTACKS CANDIDATES

Portland, Ore., Oct. 7, 1920 I have just read your issue of Oct. 4 what Mr. Chastain has to say as to his position relative to his candidacy for county judge.

Now that I have read it I will place him where he belongs and always was and that is along with the element which has been continuously obstructing the county court in its effort to build a courthouse.

I will put Mr. Peterson in the same class since that is where he belongs also.

They are both of the same stripe and color as Marion Hanks. He lied to the people. They are seeking to cloud the issue and fool them. There is only one thing for them

to say and that without equivocation. "No matter what the supreme court may do we will move into the Main street courthouse and abandon and sacrifice the price of the Hot Springs building."

Then people would know where they stand and what to expect. All this talk about groups of property owners and politicians is not apropos at this time.

So, also inappropriate is this senseless talk about lawyers, litigation and expense. Their own baggers were the ones to initiate and keep going the litigation that has resulted.

The county court itself has always been defendant and has never sought it. The county court has each time been forced to defend itself, and has in every particular, except in the one instance where it sought to recover the \$41,000 of the people's money most shamefully and unlawfully paid out by a former court.

There is little doubt that Judge Hamilton will be sustained, and in my mind is but one thing to do, and that is return Judge Bunnell and Commissioner Short to office. You know they will keep their word.

Don't switch horses in the middle of the stream. The courthouse fight will soon be over if you put them back.

The litigation will soon be ended, notwithstanding that Mr. Chastain says it will continue.

The decision of the supreme court will absolutely settle this controversy and then remains only to make Messrs Hanks, McCormack, De Lap and Dougan pay back the money they unlawfully took from the treasury.

Their only hope is to win this election. It was a part of their plans to tire the people out and force the Main street building upon them.

They thought the newcomer would grow disgusted and accept their plan because they were tired of the fight.

To the newcomer I would say, "stay with the present court. Don't

give the Hot Springs building away." That building and site will some time be worth a million dollars. The people own the Main street building anyway and proper disposition can be made later.

Klamath Falls is destined to become a city and the Hot Springs location is the most advantageous and valuable.

I was once the servant of the people. I knew both Chastain and Peterson about the courthouse. I know their trails and ramifications and they all lead, and always did lead, to the council chamber of the numerous individuals who put up \$65,000 in cash to finish the Main street courthouse.

If you had \$65,000 in that building who would you support, and to what lengths would you go to get

your men elected and your money back?

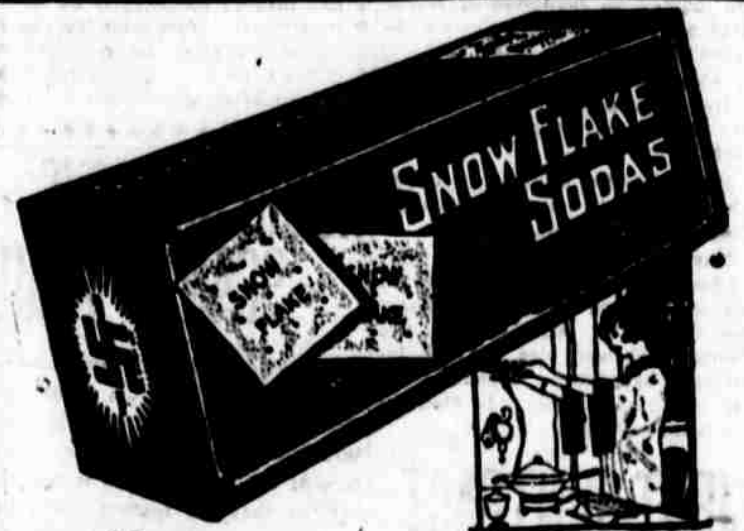

I wrote the above and assume full responsibility for it.

Respectfully, WM. S. WORDEN

PINE SOCIAL AT PINE GROVE OCTOBER 20

The Pine Grove school is planning a Halloween picnic to be held on the night of Friday, October 29. A particular invitation is being extended to candidates in the coming election to be there with speeches, as well as any other county people wishing to attend.

In the British Isles women are not allowed to vote at parliamentary elections until they have reached the age of 30.

Always Delicious

Besides the regular use of salted crackers for soups, there are innumerable delicious dishes enhanced by Snow Flakes. Anchovy paste, nut paste, and other moist sandwiches—toasted cheese—how good when Snow Flakes are used!

Don't ask for crackers—say SNOW FLAKES

Letters From The People. Editor of the Herald: Since the expose by the Herald of the large amounts being spent by the county court for hire of numerous attorneys in the litigation in the courthouse case it has occurred to many to inquire whether or not the large fees already paid out and the still larger ones promised are to be used to recompense some of the numerous attorneys making speeches over the county under the auspices of the so-called good government league for Judge Bunnell and Commissioner Short.

DID YOU EVER STOP TO THINK ABOUT WOOD? Maybe you do not realize that SLAB WOOD IS BODY-WOOD The only difference being that the slab-wood comes already split. There is more bark in the slab than in the wood, so in a cord of slab you buy as much heat as in a cord of body or limbs for much less money. BUY GREEN SLAB NOW AND CUT YOUR FUEL BILL IN HALF. O.
