AN UNSOUND LAW
Constitutional Amendment fixing legal rate of interest in Oregon.

314 Yes.

315 No.

Vote NO.

The voters of Oregon are to pass judgment on this measure next November 2nd. We have had attempts in various ways to lessen the load on the borrower by legislation but it has always hit back and hit back hard. There was the mortgage tax law in Oregon years ago and the borrower always paid the tax by higher interest rates. The proposed limitation of interest rates by contract to 5% and the legal rate to 4% as provided for in this bill will react as all former attempts to legislate what the borrower shall pay, have reacted.

There are 48 separate states in the Union with 48 separate laws on interest rates, 47 which Oregon has to compete with for money for development purposes as well as to renew existing indebtedness and Oregon needs development more than any of them. Do you want to stop this development? Do you want to return to the jackrabbits and coyotes what farms we have developed? Then vote NO on this measure.

If one of the other 47 states wants to experiment on a law of this sort let them do it, but Oregon needs the money and our soil will produce it. Our government cannot borrow money at 5% with the best security in the world, so how do you expect to borrow at that rate? Do you want to put the brakes on the development of your state and

the consequent increase in the value of your property? Then Vote NO.

GENEROUS DONATION TO ARMENIAN RELIEF

Word has just been received from Mr. J. J. Handsaker, state manager of the Armenian Relief, that clothing has poured into their headquarters to such an extent from all over the state that their boat which is to carry it from Portland will be loaded to capacity.

Following this call for clothing, plans are being laid for a big Sunday school offering for this same cause, to be gathered at or near Christmas time.

Word has just been received also from Rev. and Mrs. Ramito, formerly in charge of the Christian church here, but who have had charge of an orphanage in Armenia where they have undergone innumerable hardships and been driven out once, are going to Batoum to help fight the plague which has broken out among 16,000 Greek refugees. Let us plan to back up these heroic people when the call comes for funds to help.

LIVELY CONTEST AT CLUB SMOKER; ALL END IN DRAWS

The matches at the Athletic club smoker last night were clever exhibitions, not overly exciting perhaps, but fast and full of interest. All three went to draw decisions. The main event between Battling Montgomery and Kid Lewis gave both boxers opportunity to display their talents and apparently pleased the fans. A big crowd witnessed the bouts.
