

Cox Wiggles and Wobbles

BY SCOTT C. BONE

Candidate Cox, recklessly charging that the Republican party had set out to corrupt the electorate by raising a fund of \$15,000,000 with which to "buy the presidency," has been utterly confuted by the facts.

Instead, it has been completely established that the goal fixed by Chairman Hays was only one-fifth that amount, or \$3,000,000, with contributions rigidly limited to \$1000, and that never before has a campaign fund been so free from the taint of corporate, sinister or sordid influences.

That an over-taxed, over-burdened and weary country, paying the cost of incompetence, incapacity and extravagance in governmental affairs and mal-administration at Washington, would welcome relief at any price legitimately expended may be taken for granted.

But only in the wild dreams of Candidate Cox—who stands committed to Wilsonism and the wastefulness of Wilsonism, with everything that Wilsonism typifies and implies—has any such expenditure as Candidate Cox charged ever been remotely conceived or for a moment contemplated.

Even his foremost newspaper champions—organs of the international banking crowd which favor his candidacy because, with equal rashness, he promises, that if elected, he will go into the Wilson League of Nations—editorially admit that his slush fund charges have proven groundless.

Candidate Cox's credibility as a witness has similarly been damaged by the wet and dry issue confronting him.

To the indisputable proof that the New Jersey Liquor Dealers' Association is appealing for funds to elect him as a "pronounced wet," he replies that the liquor interests of Ohio never contributed to any of his campaigns.

Yet a sworn statement, signed by the secretary of the Ohio Liquor Dealers' Association and on file in the secretary of state's office, shows that that organization contributed a substantial sum out of its treasury to the Cox campaign of 1916.

And in the face of it all, having withstood for months, in silence, William Jennings Bryan's denunciation of him as a "wet" and unit to run for president, Candidate Cox, with characteristic audacity, now assures a North Dakota crowd that, "I have always voted dry!"

Imagine Boss Murphy, Boss Taggart, Boss Brennan and that Youngstown Apostle of Light and Uplift, Ed Moore, contriving the nomination at San Francisco of a candidate who had "always voted dry"! Imagine it, if you can!

Shade of John Barleycorn! What a spectacle is presented in American politics!

\$51,000 IS GIVEN EUROPE BY RED CROSS

WASHINGTON, Oct. 25.—The American Red Cross furnished relief to war-stricken Europe during the last year to the amount of \$51,000,000. The most extensive overseas activities of the organization, however, ended during the year with the closing of relief work in France and Belgium.

Red Cross work in Europe, according to a statement issued today from the national headquarters here and based on the forthcoming report for the year that ended last June 30, is now confined to Poland, Serbia, Montenegro, Albania, West Russia and the Baltic states, South Russia, Vienna, Budapest and Constantinople.

In bringing the work in France and Belgium to a close, the Red Cross provided supplies to 2855 villages and directly benefited 30,000,000 persons by gifts or sales at nominal prices. In Italy the need of direct relief practically vanished and the Red Cross confined its work there to home service for American soldiers and their families and the founding of welfare institutions for children.

Local self-help ran hand-in-hand with the Red Cross relief and whenever the American organization withdrew from a territory it left a sufficient body of trained workers among the people to carry on the activities.

In the war zone of northern Poland the Red Cross established 255 hospitals of 24,122 beds, aided 30 established dispensaries and helped establish 82 others. It distributed clothing to 80,000 children and gave general relief to 2,316 towns with a population of more than 700,000. In southern Poland, more than 1000 hospitals and charitable institutions got assistance from the Red Cross.

The work in Rumania consisted of operating hospitals and dispensaries, providing supplies to schools and orphanages, conducting soup kitchens that fed 100,000 people and in distributing dry food to more than 170,000 others.

The society distributed 40,000 garments in Greece proper, 10,000 blankets and twice as many garments in Thrace and Smyrna and 50,000 garments to the colonies in Asia Minor. Relief work in Serbia was not extensive, the statement says although much disease preventive work was necessary to insure the future health of the nation.

In Albania the society opened five medical dispensaries, four dental dispensaries and numerous infant welfare and milk stations. In addition to helping practically the entire population in the villages, it distributed 56,000 garments among the hill tribes. In Montenegro 30,000 orphans are today being cared for by agencies which draw their supplies largely from the Red Cross. Two child-feeding stations, with a capacity of 300,000 meals a month, also are being operated by the American organization.

In Vienna, aid was given to 98 hospitals, and 40,000 under-nourished children were fed by the Red Cross, while in Budapest aid was also given to hospitals and thousands of children. In Constantinople, the work was confined to care, feeding, clothing and medical treatment of Russian and other refugees, who passed through the Bosphorus last winter.

The republic of Haiti covers an area about equal to that of the state of Missouri.

TO INCREASE NURSES FOR GENERAL GOOD

BOSTON, Oct. 25.—A movement to build up an adequate body of nursing attendants to serve at moderate wages in homes where outside care is needed in cases of sickness but where means are lacking to pay trained nurses has been started in this city. The household nursing association is offering women from 20 to 45 years of age a carefully planned course which it describes as designed to prepare them "for the care of sickness in the home and the care of the home during sickness."

New classes are formed every seven weeks. The expense for the training is small. The course extends over a period of seven months, beginning with study of the care of the house, marketing, cooking, dietetics and nursing. After this preliminary work the students are sent to cooperating hospitals for four months, receiving actual training and experience in the care of patients. After care of a mother and baby is then learned in a maternity hospital.

When the course is completed the students are given case work under supervision of a trained nurse for five months. If their work has proved satisfactory they are then given diplomas and are permitted to work independently. Through a registry system the association is able to provide constant employment for graduates of the course.

INFORMATION SERVICE AT WASHINGTON

WASHINGTON, Oct. 25.—Information regarding any activity in which the government is interested will be furnished to the general public through the information service section of the United States bureau of efficiency here, according to an announcement from the bureau. The information service is an outgrowth of the bureau's investigation into the duplication of work in government departments, undertaken at the direction of congress.

"If you are interested for instance in the primitive condition of prehistoric man, in present day activities in agriculture, education or commerce or desire to know where to apply for the classification and biology of the cornleaf beetle, write the bureau of efficiency, information section," the announcement said. "The section will act as a reference index to activities and offices."

LOCAL PASTOR WILL PREACH MRS. SMITH'S FUNERAL SERMON

The Rev. C. F. Trimble this morning received a request that he preach the funeral sermon of the late Mrs. Florence Smith at Grants Pass Wednesday morning, and will leave for Grants Pass tomorrow morning to comply with the request.

Funeral services were held yesterday morning at Whitlock's chapel, prior to the departure of the morning train which carried the body to Grants Pass. The Rev. Mr. Trimble conducted the services.

LOW INTEREST

In preference to a legal rate of five per cent we much prefer a one per cent rate. But as long as some other fellow is willing to pay eight per cent, we will have to pay the same as he does or go without the money. So if it comes to voting for eight per cent or no money, we will vote for the eight per cent.—Independence Post.

The longest average of life is to be found in Norway. Elephants often sleep on their feet, as if disliking the trouble of lying down and getting up again.

"An Investment in Good Appearance"

You Like to Have Confidence

in a clothing store even before you are ready to buy new clothes. You want to feel that the store that gets your patronage is ready with the things you want when you want them—that its service is wholly satisfying—that its values are as true as gold. We try earnestly to be that kind of a store, and that is why we offer

Kuppenheimer Good Clothes —

They cost a little more, but they are worth a great deal more. You can buy other clothes for less, but none with Kuppenheimer quality standards for less. Men and young men who wear them know.

See the new fall suits and overcoats. They are fine in their style, rich in fabric quality, and unmatched in tailoring. The new patterns reflect the correct fall color notes. They are an investment in good appearance, and in economy as well.

General Salary Rise Submitted

(Continued from Page 1)

The city attorney now gets \$1000 a year. In addition he is allowed \$25 a month for stenographer's services, another arrangement of expediency unprovided for by the charter. It is proposed to pay a straight salary of \$1200 a year. The office, those familiar with the duties assert, at all times requires much work and attention. In the present condition of Klamath Falls, with rapid extension of street improvements and possibly a large sewer program, the study and investigation necessary in preparation of ordinances, and the actual work of drafting the ordinances and notices make the annual stipend small at best. The office requires careful study of municipal law, and special preparation regarding the conduct of municipal improvement programs.

Council members now draw \$3 for every regular meeting attended, nothing for special meetings. There are four regular meetings monthly. It is proposed to raise their pay to \$6 for each regular meeting, nothing for special meetings. The present council rarely devotes less than three hours to a meeting, more often four, sometimes five. This on top of a day's work in their own private concerns. The average laborer, on overtime pay, would easily earn what they are asking—\$6 a meeting. Advocates argue that members of the council of the city should at least get common laborer's wages for their work.

WEATHER REPORT

OREGON—Tonight and Tuesday, fair.

Don't forget the Conversazione Thursday evening Dec. 2nd at the Catholic ladies Bazaar. 25

NEW TODAY

CEDAR FENCE POSTS—Extra large 7-foot posts \$35 per 100. Lakeside Lumber Co. 23-6

6000 MILE GUARANTEED from your Old Tires when made new with The Sturges Tire Sole. Call and see for yourself. Klamath Rubber and Leather Co., 1126 Main Street. 25-26
