

# EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if bladder bothers you

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.

### NOTICE

Having sold my interest in the "White Lunch" to Edward Owens I wish to announce that all bills outstanding will be paid by him and all bills receivable will be collected by him.

### AT THE THEATERS

This Slam-Bang Jim slammed out of New York when his girl and his dad banged up his feelings. He landed in Lone Star where, because he looked like Arizona Pete, the sheriff landed upon him with both feet and two big guns, tonight at the Liberty.

### NOTICE TO CREDITORS

### Final Campaign Statement of Senator Harding

(Continued from Page 1)

ated in the midst of a foreign war. That defeat would have been ample admonition to any administration not entirely absorbed in its own peculiar policies and purposes. But it apparently was unheeded by the powers at Washington. Neglecting the acute domestic situation the administration suddenly conceived an interest in foreign affairs that contrasted impressively with its lack of concern for them in the period before we were drawn into the war.

"So while immediate and practical concerns were being neglected, while reconstruction and reorganization of our own country were forgotten, the administration was devoting itself to the chimera of a world reorganization. The republican congress, that had been elected in the autumn of 1918, attempted to, and did, initiate measures to set us on the right track once more. It devised a budget system in the hope of putting an end to the treasury deficit and bringing economy and system into our national finances. But the president vetoed that measure. The administration went right on spending vast sums in excess of our revenues, offering no constructive inspiration or leadership, apparently forgetting our domestic difficulties in its engrossment with the chimera of reconstruction.

"This in a word, is the record of the administration now about to retire from power, which seeks to have its policies perpetuated. The country will decline to give its confidence and its mandate to that party or those policies. It remembers that the republican party fought the civil war and afterwards restored and unified the nation. It believes that the republican party is capable of repeating that service, and because it so believes, it is going to return the republican party to power.

"The nation is determined to be done with democracy under the mere guise of democratic forms. It is

determined that there shall be no return to the old order. The plain people who, on the whole, have been raised to a new and higher level, are not only convinced that they are entitled to remain on this new plane, but they must rely upon the constructive abilities of the republican party to keep them there. It is our purpose to accomplish exactly this. While we will oppose every suggestion of revolution or disintegration, we do stand for every measure of evolution and development that tends to carry the masses of the nation forward and upward.

"During the campaign now about ending, the republican party has

proposed in its platform, and developed in the utterances of its leaders, a programme which contemplates equal opportunity for all. It recognizes the vices of exploitation and profiteering. It has declared for wise and practical measures looking to cooperation in production and in marketing. It recognizes that in all measures to preserve equality of opportunity, there must be a recognition of the fact that greed and cunning must be held in check if we are to insure that true character and worth shall be given every opportunity to share in the advantages that the community can extend to its members.

"The republican proposes in the realm of international affairs such an association of nations as will most effectively further the aspirations for world-wide and permanent peace without sacrificing any part of the independence of the American nation. It believes that America can and must bear its full part in the responsibilities of the world but it always believes that America alone must decide what part shall be. It goes to the people assured that they will recognize its superiority as an instrumentality of administration and that in the election now impending they will give it the certificate of their confidence and trust."

# WARNING!

On November 2nd you will be required to vote on the so-called Oleomargarine bill. The instigators of this vicious measure would have you believe that its purpose is to regulate and license.

## THE REAL PURPOSE IS TO KILL A GREAT OREGON INDUSTRY

It is directed against the manufacture and sale of Oleomargarine, Nut-margarine and all the many kinds of spreads used for bread by thousands of people in our state who cannot afford to pay the price of butter.

### Facts to Remember!

- 1 The OLEOMARGARINE BILL will not in any way benefit the Dairy industry of Oregon by the implied strengthening of the market or increasing the consumption of dairy products.
- 2 The local butter industry is entirely regulated by national demand and the manufacture and sale of Oleomargarine and Nut-margarines can never, in the least, affect the dairy industry in the state.

- 3 Further state legislation in the form of the so-called Oleomargarine Bill is not necessary because the Government already has 79 pages of regulatory and licensing laws governing the operation of this legitimate industry. Deception and fraud are impossible.
- 4 The Oleomargarine Bill is an attempt to dictate to you what you shall or shall not purchase in the way of a spread for your bread.
