

AN EXAMPLE OF DEMOCRATIC ADMINISTRATION "EFFICIENCY"

The picture above shows the condition of a part of the American Motor Park at Coblenz during the recent Spring floods on the Rhine. This park contained all types of cars and motor trucks. When the Army of Occupation was reduced in numbers the greater part of its motor equipment was concentrated at Coblenz. It was parked on some vacant flat land close to the Rhine in spite of the well known fact that practically every Spring this entire tract was flooded. The result is pictured above. The sale of these cars had been practically completed to certain English interests. After the flood a survey was asked of the sale of this motor equipment and naturally, the price which the purchaser was willing to pay, after its prolonged bath was very much reduced. This is another example of the "efficient" way in which the property used by Uncle Sam in the war has been cashed in for the benefit of the taxpayers.

Establish Oil Tank On Society Islands

SYDNEY, N. S. W., Oct. 29.—Work has been started by the French government on construction of a huge oil station on Tahiti, the largest of the Society Islands, according to reports received here. The station will supply oil to ships in trans-Pacific service.

Liners journeying between San Francisco and Vancouver, on the American continent, and New Zealand and Australian ports are expected to make regular calls at the Tahiti station for oil. Boats on the run from Australia to New York, and Europe via the Panama Canal also will be served.

Three large tanks, capable of storing thousands of barrels of oil are being constructed.

Australia Shipping Eggs to U. S.

Sydney, N. S. W., Oct. 29.—Eggs have jumped in price here, mainly because the shipments to the United States are increasing. The prices have gone up recently despite the fact that production has increased.

All the refrigerating space on the steamer Sonoma sailing in October for San Francisco was taken for egg shipments. It has been reported.

Thirty girls employed in a syrup factory near New Orleans quit work when the management decreed they should wear bloomer costumes for the sake of economy. Ninety other of the girl employees decided in favor of bloomers and their jobs.

Topeka has five women taxi drivers.

WEATHER RECORD

Hereafter the Herald will publish the mean and maximum temperatures and precipitation record as taken by the U. S. Reclamation service station. Publication will cover the day previous to the paper's issue, up to 5 o'clock of that day.

St. Louis has a 15-year-old girl rabbi, Leona Hurwitz by name, who has delivered several sermons in Temple Israel in that city. Miss Hurwitz is said to be the only girl or woman in American who has ever acted in a rabbinical capacity.

AT THE THEATERS

The beautiful Sacramento River, the pride of California, furnished Jack Ford, directing Frank Mayo in "Hitchin' Posts," with views of the old Mississippi, while the California oil fields gave him a remarkable location for the scenes of the early Texas oil rush. Other realistic settings add to the interesting qualities of "Hitchin' Posts" which is to be shown at the Liberty theatre tonight.

"The Spender," an appealing comedy of youth and love, romance and happiness, which will be at the Liberty theatre on Saturday, gives Bert Lytell, the distinguished young Metro star, the best role of his brilliant career on the stage and screen.

Those hungering for a picture play that will tie in all their emotions into a very tight knot should see "The Deep Purple" at the Liberty theatre Sunday.

A total of 1,367,835 women in Greater New York are registered to vote in the coming election.

Lady Diana Duff Cooper, better known by her maiden name of Lady Diana Manners, has accepted the editorship of a woman's society magazine published in London. She is said to be the first woman of the English peerage to become an editor.

CALIFORNIA NEWS

PITTSBURG, Oct. 29.—Their features completely hidden by feminine shirtwaists drawn over their heads, three armed kid-gloved bandits entered the Columbia billiard parlors and after securing money and jewelry to the extent of \$1200, escaped.

RED BLUFF, Oct. 29.—Mrs. Mary J. Heckle, aged over 70 years, has returned from her stock range in the Sierra Nevada mountains.

Although past 70 years old, Mrs. Heckle rode a horse 14 miles through two feet of snow in getting out of the mountains. She rides over the stock range with as much ease and dexterity as any of the cowboys.

LOS ANGELES, Oct. 29.—Eight automobiles, ranging from the humble flivver to the gorgeous creation of a

custom designer, were parked in front of the home of Tony Panatch early Monday.

Prohibition enforcement officers arrived unheralded. Tony went to jail and eight officers drove a procession of eight cars, containing eight packages of assorted light wines, to a place of safety, while eight owners went homeward by street car without even the means to hearten themselves against their losses.

SUBANVILLE, Oct. 29.—The contract for paving Main and Pine streets has been awarded to the Warren Construction company which was the lowest responsible bidder. The bid was \$100,000 and it is estimated the cost of the improvement of the two streets will be about \$19,000.

SACRAMENTO, Oct. 29.—Registration for the general election, November 2nd, totals 1,374,194, which is the largest registration in the history of California. This is according to official figures announced today by Secretary of State Frank C. Jordan. The registration for the presidential election in 1916 was 1,314,446.

Scarcity of Telephone Equipment

As new subscribers a number of individuals have recently placed orders with us for telephones. Old subscribers have asked for service at new locations. They have been told by our representatives that immediate compliance with their desires was impossible owing to lack of "telephone facilities" in a particular locality. "Why," one will say, "the poles and wires are on the street and the house is already wired."

We wish that the problem were as simple as it sounds. There may be poles and wires, but every wire may be in use in giving service to others. There may be a cable, but every circuit in it may be assigned to telephones already installed. There may be spare wires and circuits but no switchboard apparatus at the central office to which they can be connected. There may even be sections of switchboard but not available for operation on account of the lack of necessary accessories, such as ringing keys, relays, etc.

The reason for the shortage of telephone equipment is simple. During the war period we were unable to maintain our reserve or stock plant, as the same materials we use were required and taken for government purposes and for industries properly favored by the government. Since the war, with the unexpectedly prolonged problems of reconstruction, production and delivery of materials needed to meet even current demands have been delayed. Every business concern is having similar experiences. The manufacturers of telephone equipment have been bending every effort to fill our orders, but they in turn are meeting the same difficulties in securing rubber, paper, silk, glass, porcelain, tin, thread, shellac, metal parts and other articles not generally associated in the public mind with telephone service.

At the same time with this abnormal situation with reference to materials there exists an unprecedented demand for telephone service, and even under these circumstances our record is one of fulfillment of demand. In the first eight months of this year we have added 6863 telephones in the State of Oregon. In the eight months prior to our declaration of war we gained 2655 telephones.

We desire to give service as much as a patron wishes to receive it. We desire to promptly comply with the suggestions of public authorities who have taken a proper interest in the situation. We are facing abnormal conditions, but we will—of necessity gradually—overcome our difficulties.

The Pacific Telephone and Telegraph Company

YOU RECEIVE WHAT YOU ORDER

in our restaurant. Our service is equal in every way to the high quality of food we serve. At all times you are assured of obtaining an appetizing meal in an environment that is extremely pleasant. Let us serve your next meal. Everything in season at popular prices.

Jewel Cafe

If the Wood Dealer Sold Service

We do not sell current; we sell service. That sounds odd doesn't it?

Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.

That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.

If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.

California-Oregon Power Company

Square Deal Drug Store

SAFETY -- SERVICE -- SATISFACTION

FREE

\$25 worth of Genuine Pathe records FREE with any Pathe Phonograph in cabinet models. Now is the time.

LOWNEYS,

The original package chocolates. Always fresh and always guaranteed.

YOUR BABY'S

Wants have our special care. Foods, bottles, nipples, toys, etc.
