

The Pacific Coast Mint Company

"A Real Development Company"

Are You Ready to Join Us ?

We expect to be able to offer you within a few days the opportunity of your lifetime, if you are interested in money-making, and securing for yourself a competence for the future. You know that land is the foundation of all wealth, and that we have *the best land to be found anywhere in the country*. Our lands are already in a high state of cultivation, the proof of which is the wonderful crops harvested this year. Your money will not be spent in *reclamation work*, but will be used for *immediate crop planting*, which will assure you material increase on your investment *from the very beginning*. Where can you find a safer and sounder proposition, with unlimited possibilities for the future?

Our Promise to You Is Being Fulfilled

And our men are now planting *mint at the rate of five acres per day*, and we now have in crop, including grain, *over 300 acres*, and we are confident that on or before May 15th, 1921, we will have in crop *over 600 acres*. Have you stopped to consider what that will mean to you, as one of the *original investors* in our Company?

This Is Not a Promotion Company

But a *real Development Company*, as you will readily see from the foregoing facts. Our proposition is open and above-board in every respect, and we want you to

Come and See for Yourself

Just what we are doing, and the progress that is being made, so that you will appreciate the money-making possibilities of this new industry, and the bright future that this company has. Our boat will make special trips for the benefit of our prospective investors at any time, and will comfortably accommodate 15 people. Leave your name and address at our office in *the Swansen Building*, and we will show you over the project at no expense to yourself. First boat leaves Shippington Monday morning, 8 o'clock, returning 1 p. m.

Watch for Our Next Announcement
