

Irish Train Service Is Badly Crippled

DUBLIN, Oct. 15.—(By Mail)—Refusal of Irish railwaymen to carry munitions or armed men which from time to time hold up trains for which soldiers or police are tendered as passengers has now led to the stoppage of passenger trains over nearly 600 miles of railway.

Every time a train crew refused to carry soldiers, police or munitions they were dismissed. There are now not enough men to keep the traffic moving and the service has had to be cut down accordingly. This has led to great inconvenience and traders are everywhere entering protests. An attempt has been made to relieve the situation by motor truck lines which in many places are regulated by Sinn Fein order.

IRISH HUNGER STRIKER LIVED IN MONTANA

CORK, Oct. 25.—(By Mail)—Among the 11 hunger strikers in jail here are two brothers, John and Peter Crowley of Ballylanders, Limerick, while another brother is hunger-striking in Winchester jail, England. Their father aged 85 has just been arrested also and brought to Cork. Their home was also burned recently after a raid had been made upon it.

This family rents automobiles which the military officials assert were used for Sinn Fein activities. Up till the present one of their automobiles is missing and the father was informed that unless he revealed its whereabouts he would be arrested. "If I knew I would not tell you," he is reported to have replied. Consequently he was arrested.

Two other prisoners from Ballylanders, Michael O'Reilly and Christopher Upton were arrested on July 16 when shots were exchanged there between the police and volunteers.

Sean Hennessy, one of the hunger strikers who is stated to be suffering severely, was attending an Irish college at Ballingarry a month ago when a motor lorry was held up there and burned after its soldier occupants had been disarmed.

Michael Burke, of Folkestone, Thurles, arrested in connection with a raid there told Deputy Mayor O'Callahan that he suffered severely from headaches which he attributed to a beating by an officer with his fists and a rifle after his arrest.

Another young hunger-striking prisoner, John Power, aged 19, of Cashel, Tipperary, was arrested at the village of Rosegreen, as a suspected Irish republican soldier as was also Joseph Kenny, of Grenagh, County Cork.

Kenny lived many years in Montana. He has seven children the last being born a few days ago. Another hunger-striker, Joseph Murphy, is a Cork lad who was arrested in connection with a raid on his house at which the police are reported to have found a part of a bomb and an incriminating document.

Socialists Charge Hapsburgs Trying To Come Back

VIENNA, Oct. 25.—(By Mail)—The social democratic party of Austria, numerically the largest in the Austrian parliament, charges in an appeal its leaders have issued asking for votes in the election for the national assembly on October 17, that the counter-revolutionaries have been victorious in Hungary and that their "lynchings and gillotines are preparing the way for restoration in that country of the rule of the Hapsburgs." This is the line of which the late Emperor Francis Joseph and his son Carl were descendants.

"Carl Hapsburg has broken his word and refused to resign the Austrian throne," the socialists aver. "He is to be made king of Hungary in Budapest and from there he is to bring German Austria into subjection. The blood of our peasants and our workers is again to be placed in the service of the Hungarian feudal lords who are arming for war to reconquer Slovakia, Siebenburgen and the Banat." The socialists then charge that the Kunachak-Punder group of the Christian Socialist party in Austria is the tool of the Hungarian monarchists.

This appeal and other campaign literature, not only of the socialist groups but the conservatives as well, cleverly continues the agitation for union with Germany. "From the day of our breakdown," it says, "we social democrats have said German Austria alone cannot be a living state. Economic misery will be our lot so long as union with Germany does not free us."

It blames France for preventing this end, but declares that the history of the Czechs, the Poles and Jugo-Slavs proves that a people financially achieves its own right of self-determination in spite of all opposition and all obstacles if only it remains firm in its desires.

The social democrats put forward as their issues the reforms they have advocated since the formation of the republic, and which they assert have been defeated by the combined bourgeois opposition. In the main these are suppression of the power of the clericals, taxation of capital and great estates, age and invalid insurance, school reforms including separation of schools and church, adequate pay for public servants, and similar measures.

To this end it demands the social-

WANT TO MAKE EUROPE'S NEEDY HAPPY ON X-MAS

CHICAGO, Nov. 4.—The board of Sunday schools of the Methodist Episcopal church is sending out an appeal to its 4,500,000 Sunday school members to devote their Christmas offerings this year to sending food, clothing, medicine and other relief to the suffering children of Europe. Announcement is made from headquarters in Chicago.

Bishop John L. Neulson, a member of the international committee for the relief of children, who recently returned to this country from Zurich, Switzerland, says the outlook for the coming winter in the needier sections of Europe is dark. "Those countries before the war could not support their own populations, but were depending upon large imports of provisions," he said. "South Russia, which supplied large sections of Europe with grain is not now in a position to support its own populations. These countries have no gold to buy grain from Australia or America. They cannot manufacture goods for export because they have not enough raw material or coal, and they have no credit."

"If you draw a line north through the devastated area of Belgium and south through the entire continent and then travel east through Dalmatia, Albania, Montenegro, Slovakia, Macedonia and Greece into Turkey, and then travel north through Serbia, Bulgaria, Czecho-Slovakia, Hungary, Austria, Rumania, South Germany and on through North Germany, Poland, Lithuania, Latvia and Estonia into Russia, through Russia to Siberia and south into Asia Minor and Syria, Armenia and Mesopotamia, you will find in that vast territory hardly one child in a thousand which is not under normal, either physically, mentally or morally."

Bishop Neulson added that throughout all the war-swept and famine-stricken sections of Europe the "teachers in the schools find that the children are so under-nourished that it is a physical impossibility for many of them to

concentrate their attention upon school work for even three hours per day."
