

**Evening Program
for Celebration of
Armistice Day**

The local post of the American Legion has asked the Herald to correct the Armistice Day story appearing in yesterday's issue, which stated that there would be a flag raising near the White Pelican hotel at 4 p. m., followed by a banquet for Legion members at the hotel.

Plans for Armistice Day are made for the evening only. At 9 o'clock there will be the annual Armistice Day ball. The flag presentation mentioned in the invitation will take place in the ballroom at 10 o'clock. Presentation will be made by the Women's Relief corps, and acceptance by the officers of the local post of the Legion.

The best music in town has been secured for the dance. The fact that the majority of the orchestra played all summer at the open air pavilion is sufficient recommendation for it.

Invitations were mailed yesterday and the day before, but owing to the inability to get them out sooner it is likely that many will not reach their destination in time for the dance. The Legion at this time wishes to invite all service men, whether Legion members or not, to the ball, and also all friends of the American Legion. All members of the Women's Auxiliary and of the Women's Relief corps are especially invited, and are the honor guests of the evening.

**New National League
With Twelve Clubs
Organized, Chicago**

CHICAGO, Nov. 9.—Eight National league clubs and three American league clubs, New York, Boston and Chicago have formed a new National league with a 12 club circuit.

The promoters offered federal Judge Landis the chairmanship of the new baseball board at a salary of \$50,000 a year. The judge asked time to consider the offer.

Five American league clubs, Cleveland, Washington, Detroit, Philadelphia, and St. Louis, plan an opposing league, installing new clubs in Chicago, New York and Boston.

KANSAS CITY, Nov. 9.—Ban Johnson, president of the American league, today declared war to a finish on the new 12 club league.

JUDGMENT ON NOTE

A judgment for \$112 and interest from 1914 plus \$50 attorney fees was handed down yesterday in circuit court on a note given by John and T. A. Varner to J. O. Beardsley in 1914. The note was for goods purchased.

**SNEEZING IN
INDIA STIRS
FEAR OF ALL**

NEW YORK, Nov. 9.—Sneezes and superstition cost many lives annually in India.

This was the statement of Dr. Anna Degenring of the Woman's American Baptist Foreign Mission society, who has just returned here on a year's furlough after fourteen years as a doctor in India.

"A sneeze means a great impending calamity to the Indian mind," said Dr. Degenring. "Whatever happens on the day that one hears a sneeze is sure to turn out ill, and the Indian will enter upon no undertaking of importance on such a day. Many of our patients have refused to have operations on which their lives depended on the day that had been arranged, for, because they happened to sneeze that morning, or even to hear someone else sneeze."

Indian belief in auspicious days is another "hobgoblin" in the path of the medical missionary there, Dr. Degenring said. Soon after an Indian child is born, the soothsayer reveals to the family its lucky star and its lucky days. Indians who fall ill or are hurt in an accident persist in waiting for their auspicious days before sending for a doctor.

The Indians, the physician explained, attribute epidemics to the wrath of various goddesses of ill health, adding "there is a goddess of malaria and a goddess of smallpox—a goddess, in fact, of every recurring epidemic."

Though they believe in goddesses, they are hard to convince concerning germs, and they have no idea of quarantine for contagious diseases, Dr. Degenring said.

**Flour Takes Big
Drop, Minneapolis**

MINNEAPOLIS, Nov. 9.—For the first time in almost four years flour sold at under \$10 a barrel at the local mills today. Prices ranged from \$9.65 to \$10.

MINNEAPOLIS, Nov. 9.—Flour prices continued their downward slide today and reached what millers said were pre-war prices. At one large mill family patents flour declined 40 cents a barrel to a new low price of \$10 when sold in carload lots in 98 pound sacks.

PORTLAND, Nov. 9.—The falling wheat market is bringing flour prices down. A decline of 40 cents a barrel in Portland flour quotations, effective Monday, was announced by the millers. The wholesale price of the best family patents will be \$11 a barrel. This means a drop of \$2.75 a barrel from the extreme high price of the year, made last May, and a decline of \$1.60 from the opening price of new crop flour.

Bakers' flour will be listed at \$10.50 a barrel. This grade of flour has kept pace downwards with family flours. Most of the bakers, however, are still using old crop bought at the high prices.

**VOLUNTEER FIREMEN WILL
MEET WITH NEW CHIEF**

Fire Chief Delaney is having a meeting tonight at 7:30 in the city hall of all volunteer firemen in the city and requests that every man who is on the volunteer list be present. Chief Delaney called this meeting for the purpose of getting acquainted with and finding out who the volunteers are, also to get their home addresses and telephone numbers, and incidentally to have a general understanding with them about their duties.

An Investment in Good Appearance

You may not exactly know what style is, but you do know when a man looks "right," smart, distinctive.

That's the way you want to look to others—friends and strangers.

Often clothes that look stylish on one man, help his appearance—are detrimental to another.

A good clothes appearance is more than fashion in the clothes themselves.

Clothes must tune to the personality, the build and individuality of the man in them.

Think this over carefully—and remember it when you go to select your clothes for fall and winter.

Kuppenheimer good appearance (good clothes) are specialized attire—designed and made to an ideal. You will find they have models with a style that is meant exactly for you—fit you properly—are suitable companions to be seen with, in business or society.

They embody all of the best in tailoring and designing developed by the decades of experience of English drapers and Italian "line" artists—adapted to the sculpturing of the American figure.

Kuppenheimer good clothes are made of firm, smooth fabrics—good, soft, beautiful all-wool.

They are tailored—crafted—made by master hands. They are earnest value for the price asked for them—a sincere investment in good, lasting clothes appearance.

And the dealer who offers them to you is worthy of your confidence in him.
