

The Mint Industry

The mint industry is destined to become one of Oregon's largest and most profitable industries within a very few years. We have demonstrated that our MARSH LANDS ARE PARTICULARLY ADAPTED TO MINT GROWING. You know from your own observations that we have mint growing wild all over our marsh lands, which is proof conclusive that the domesticated plant should do well on these lands.

We have shown you that the domesticated mint does even better than the wild mint, and knowing that there is a big margin of profit to be had in growing this crop, and that it can be handled at a low expense compared to other crops grown in this community, we propose to PUT OUR ENTIRE ACREAGE IN MINT AT THE EARLIEST POSSIBLE DATE, so

Don't Be Skeptical

as to the future of this new enterprise, but make your arrangements now to come in with us and reap the benefits that are certain to be derived from this new, but thoroughly demonstrated venture. This company was formed for your own benefit. It is not a ONE MAN proposition, but is big enough for a number of people, and BIG MONEY for all of them. BE ONE OF THEM, don't be the last, but one of the first, and

Come in Now

while you are extended this most unusual opportunity. IT WON'T LAST LONG, rest assured of this. You have seen a half dozen new industrial enterprises started in this community, and have seen them grow to large proportions, thereby making a number of people wealthy. ARE YOU ONE OF THEM? If not, here is your chance to BE ONE OF THEM, so

Place Your Order at Once

for stock in this company with our authorized agent, or any officer of this company. Of the \$30,000 authorized stock issue by the State Corporation Commissioner, we plan only to sell a SUFFICIENT AMOUNT OF STOCK TO MEET OUR IMMEDIATE REQUIREMENTS, and it is probable that no additional stock will be sold. Therefore, if you wish to be identified with this most promising enterprise, you cannot afford to delay your application. You stand no chance to lose, but on the other hand have EVERYTHING TO GAIN, for your money is being put into land, THE BEST LAND IN KLAMATH COUNTY, at a most reasonable valuation.

If You Want to Make Money

don't delay, but DO IT NOW. Our stock is fully paid and non-assessable, and is being offered in shares of \$50 each, par value. We know that you will consider it a GREAT PRIVILEGE to become one of the ORIGINAL INVESTORS in this company, if you will take the time to thoroughly investigate our statements.
