

LESS WINE AND MORE BREAD IS ITALY'S NEED

ROME, Oct. 19.—(By Mail).—Professor Ugo Ancona, formerly under secretary of transportation in the Italian cabinet, has just made public a statement that while the Italian government has spent more than \$1,000,000,000 a year for bread for the people, the Italian workers have spent \$900,000,000 a year for wine alone.

The government's expenditure for bread has resulted from its undertaking to pay the difference between the cost of producing wheat and the price of bread. In consequence of this the Italian workers have been able to buy bread at the rate of one lire for each kilogram of 2.29 pounds.

Professor Ancona says that while the workers refuse to pay more than this, they have no objection to paying 4 to 5 lire for a quart of wine, which before the war cost about 12 cents a quart. He asks whether it is just that the Italian government should continue to supply over \$1,000,000,000 annually for bread when the people do not grudge \$900,000,000 a year for the luxury of wine.

The professor advocates that the Italians should eat less bread and pay what it costs and that they should drink less wine and export more of it, so that the profit on wine would help to pay for importation of bread.

The amount of land given over to wheat production in Italy greatly decreased last year. The disastrous result is that the imports are increasing daily.

Forty-Eight Drown in Foundering of Filipino Vessel

MANILLA, P. I., Nov. 11.—Forty-eight persons are believed to have perished when the coastwise steamer San Basilio was struck by a typhoon, November 3, while enroute to Puerto Bello, Leyte Island, in the south Philippines.

This is according to the statement of a survivor. He was picked up by the steamer, Samal, after drifting four days in an open boat and brought to this port.

Tragedy Shock to Shasta View Friends of Garrison Family

SHASTA VIEW, Nov. 11.—This community was shocked when the news came of the tragic death of the 18-months-old son of Mr. and Mrs. C. C. Garrison. Mr. and Mrs. Garrison and four sons started Thursday from Merrill for California to spend the winter. Just beyond Topsy grade they met a car, and in turning out to pass it their truck, which was quite heavily loaded, sunk so deep into the soft ground on the outside that it toppled over, and the little wrenched the sleeping baby from its mother's arms, throwing it out just in time for the car to fall upon it. The child lived about two hours, but was not conscious. Mrs. Garrison and one other son were injured, but they think not seriously. The case seems doubly sad for the family, as they buried their eldest son, Wesley, and Mrs. Garrison's mother only a few months ago. They brought the remains to Merrill, where the funeral services were held at the Methodist church Saturday at 10 o'clock. The family has many warm friends in this community who extend their most heartfelt sympathy in this sad bereavement.

We understand the Union high school is to open at Malin Monday, and also that Mr. Wm. Freer is to teach Spanish to a class at Malin every Saturday night. We are not so far behind the times, if we do live out in the sage brush country.

We notice quite a representation from Malin and a few from this section at the Chautauqua at Merrill last week. Some say it was much better than last year. One of our teachers, Miss Chace, was in attendance nearly every evening through the kindness of the Grimshaws of Merrill.

G. W. Myers and family, the Misses Emma and Paula Kasper and Albert Grayson were visitors at O. E. Hunt's place Sunday.

J. L. Bailey and wife, Mr. and Mrs. Ben Daniel and daughters, Gladys and Margy, attended Chautauqua at Merrill Tuesday evening.

The ladies of the Helping Hand met with Mrs. Bramhall Wednesday, and will be entertained by Mrs. Wm. Crandall Wednesday, November 17th.

CHANGED ADMINISTRATION NOT TO AFFECT POLICY

WASHINGTON, Nov. 11.—The impending change in the national administration will have no effect on negotiations with Japan regarding the California anti-alien land law, it was said at the state department today. These negotiations are nearing completion and a new treaty will be drawn soon.

Car Shortage Is Over, Says Member of I. C. Commission

WASHINGTON, Nov. 11.—The back of the car shortage is broken, Clyde B. Atchinson, of the interstate commerce commission, declared today before the annual convention of the national association of railway and utilities commissioners.

"As the result of the efforts of railway operators and employees, with the assistance of the nation's shippers and under the policy laid down by the commission, we are now facing the possibility of a surplus of equipment," he said.

Local Agent Callaghan said yesterday that there were now plenty of cars for local demands and he was prepared to furnish lumber shippers with all the cars needed.

COBB SAGE-TEA INTO GRAY HAIR

DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur. An easier way is to get the phur recipe at home, though, is to use the preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it is done so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning all gray hair is turned dark. A

Skunk Farms Are Advocated by the Dept. of Agriculture

WASHINGTON, Nov. 11.—Breeding of skunks as a means of stabilizing the "depressed fur market" is the latest suggestion of the department of agriculture.

Despite all the harsh things that have been said about this lowly animal, the department describes him as "the best wild animal friend the farmer has." The skunk the announcement says, can be used for destroying mice, grasshoppers, crickets, and white grubs, at the same time furnishing the farmer from \$50 to \$100 worth of fur a year.

All that is required of the farmer, the circular says, is that he "respect the animal's dens, keep his poultry in skunkproof yards, kill an old horse

for them every fall and be tactful when he meets them in the evening."

Miss Marion Dickson of Niagara Falls, Ont., and Miss Margaret Wootton of Maynooth, Ont., are the first women students to be regularly enrolled at Queen's theological college, Kingston, Ont.
