THURSDAY, NOVEMBER 11, 1920.

The first woman physician in America was Harriet K. Hunt, who practiced medicine in Boston for many years, until her death in 1875, at the age of 70.

Welcome for All At Legion Dance

The various committees in charge of the Legion dance to be given at the White Pelican hotel tonight for all ex-service men and their friends, are busy this afternoon making the final arrangements for the affair, which they feel will be one of the most enjoyable of the season.

A classified Ad will sell it.

BRAVE AMERICAN IN POLISH ARMY

Brigadier General Sweeny, Millionaire, Battles for Cause of Freedom.

TRAINED AT WEST POINT

Served in Mexico, South America and Gave Valiant Service in the World War—Unusual Type of Soldier of Fortune.

New York.—War dispatches making more than casual mention of Brig. Gen. Charles Sweeny have lent to the Polish struggle more than an impersonal interest to American army officers at Governor's Island, who are well acquainted with Sweeny, an American soldier of fortune with both principle and purse.

Men of no fortune at all who fight for excitement and pay are common enough. But Sweeny, U. S. A., is a multimillionaire's son, his father having amassed great wealth in the famous Coeur D'Alene mines of Washington and Idaho, and the soldier is more than a millionaire in his own right. He put in three years at West Point and then sought the life of an active soldier in Mexico, South and Central America and Europe.

Offers Self to Poland. Sweeny, a former lieutenant colonel in the United States army, attached to the general staff, was in Paris during the spring of 1919, recovering from wounds suffered in the Argonne offensive with the A. E. F., when he learned that Poland was in need of officers for her new armies. He consulted with the then Premier Paderewski and offered to recruit volunteers when he returned to America. In three weeks he had selected 200 former American army officers, all of whom had seen service in France. Colonel Sweeny sailed for Poland in September of last year with the first of his officer contingent. He was not long in getting into the fight and in recognition of his splendid services Poland commissioned him a brigadier general.

This Irish-American-Polish general for whom a soft life held no appeal, began his career on the battlefield on leaving West Point after he tried mining for a while.

Soldier of Fortune. He went to Mexico and got a wound in the Madero affair. Upon recovery, Sweeny packed up for South America, where he took a hand in several of the revolutions. He got into the world war as a private in the Foreign Legion. In the first Champagne battle in September, 1915, he was commissioned a lieutenant on the field for gallantry. He was severely wounded and gassed in this battle, and on a hospital cot in Paris he was awarded the cross of the Legion of Honor.

Two other important decorations were bestowed on him in rapid succession and he had a great reputation for bravery. Soon after being made a captain of the French forces, he was sent to the United States upon advice of Ambassador Sharp as an instructor in 1917.

Sweeny was commissioned a major in the United States army and helped to train the Eightieth division at Camp Lee, Va. He went overseas with this division, got shot up in the Argonne and was promoted lieutenant colonel for gallantry before the enemy, and assigned to the staff of the A. E. F.

URGES FRENCH LEARN GERMAN

Former President Poincare Points to Value of Language to His People.

Paris, France.—"Learn German," is the advice former President Poincare has given the French through the Association of Language Professors. He said:

"To dominate German science, we must understand it. To maintain the independence or the superiority of our literature, we must not close our eyes to foreign literature, not even that of Germany."

M. Poincare added that German must be known by those who undertake the administration of the occupied regions, and also to restore France to its proper place in Alsace-Lorraine.

Army officers recently were urged to learn German. The government has reinstated that language in the officers' training schools.

Young Captain of Industry.

Denver, Colo.—George Gardens, thirteen years of age, student at Manual high school, is Denver's youngest "captain of industry." When a shortage of charcoal crayons at the high school became acute and the supply at downtown stores was exhausted, George constructed a small charcoal oven on a vacant lot and is now manufacturing what is claimed to be an excellent grade of crayon. The oven is operating 24 hours a day and young Gardens is reaping a tidy sum from sales of the crayon to students.

"David and Goliath" Re-enacted. Indianapolis, Ind.—Just as a mad bull was charging Robert Williams, intent on goring him to death, a small boy buried a brick. It struck the bull squarely between the eyes and killed the animal. "The boy, scared, ran away after the feat."

HEART ATTACK WAS CAUSE OF FATAL FALL

CORNING, Cal., Nov. 11.—In the coroner's inquest on the body of John B. Moore, who died shortly after falling from a runway at the Corning box factory, the jury found he had suffered an attack of heart disease and the fall was the cause of death.

Mr. Moore was 63 years of age and leaves a wife and eight children. He came to Corning from Klamath Falls, Ore., about a year ago.

PANKHURST STAFF WHIPPED

LONDON, Nov. 11.—An angry crowd thrashed the girl employes in the office of Sylvia Pankhurst's communist newspaper, the Dreadnaught.

MASONS ATTENTION!

Brunswick

Make this comparison before you buy your Phonograph

Don't buy a phonograph, any more than an automobile, without a demonstration. Name it nowadays, as it used to be, when phonographs were a novelty. Music-lovers know the real way to test—and that is one. The ear picks out superiority quickly. Nonsense is easily appreciated. Encourage comparisons. We invite you to hear the Brunswick, then to hear others. We leave the judgment to you. And we rarely lose a sale, when a comparison is made.

This accounts for the great popularity of The Brunswick here and the nation over. It goes into the homes of the most critical because of its overwhelming merit.

It has numerous features unobtainable elsewhere. Such as The Ultona, the all-record reproducer. And The Brunswick Tone Amplifier, built entirely of wood, so as to end metallic sounds forever.

Hear The Brunswick now—even if you are not quite ready to buy—
