# CHARGE BELGIAN COAL MAGNATES AIDED GERMANS

BRUSSELS, Oct. 27.—(By mail)—The Belgian government's campaign against Belgian subjects who, during the war, are alleged to have aided the enemy, has just had a sensational turn in the case of the Barons Evence Coppee, father and son, who were probably the wealthiest coal magnates in Belgium. The two noblemen were arrested some months ago, charged with assisting the Germans during their occupation of Belgium, by turning over coal and by-products to the enemy. Hundreds of other Belgians, accused of similar offenses, have been convicted and sentenced to long prison terms. The sensation in the Coppee case came the other day when the court released them from prison bail of 1,000,000 francs each on the evidence of Count de Broqueville, who was premier of the Belgian government during its stay at Havre, France, that he had given Baron Coppee permission to work his mines during the German occupation and ship coal, the idea being that this fuel was to be used for the Belgian population, who were forced to remain in the occupied territory. Count de Broqueville, in an affidavit submitted to the court in the Coppee's behalf, further admitted that he had given the accused permission to sell freely their coal by-products, such as benzol, and other things used in explosives, to the Germans, as he in effect thought that the Germans had so much of these anyway that a little more could not do any harm. During the past few months the Belgian courts have tried dozens of other cases, making short shrift of the accused who were proved to have grown rich by trading with the enemy while their compatriots were fighting.

# HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful. —Adv.

# Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.
