Flore de Melba cigars 10c and 2 for 25c. 15-20

Weed Hippodrome Has Big Opening

The grand opening of the Weed Hippodrome last week was a great success, according to the Shasta Record. Patronage started slowly at 2 o'clock Thursday afternoon, when the doors were formally opened, but by evening a big crowd swarmed over the building and jammed the dance floor and refreshment rooms to overflowing. They did not thin out appreciably until a late hour Friday morning.

Jack McNary, proprietor of the new amusement place, expects to make it a rallying point for all the social elements of Weed and the surrounding country.

Melba cigars are mild. 15-20

STATE DEPARTMENT SWINGS CLUB ON THE WESTERN UNION

(By Associated Press)
 WASHINGTON, Nov. 17.—A veiled threat that permits for landing Western Union cables in the United States would be revoked unless the company continues to accord to the American government the same privileges it accords to the British and other governments in handling cable messages is contained in a formal statement issued today by the state department.

Don't forget the big **RUMMAGE SALE** to be given by the ladies of the Episcopal Guild Friday and Saturday in the room formerly occupied by The Evening Herald on Fourth street. 17

Says Constantine Will Again Sit on Greek Throne

(By Associated Press)
 ATHENS, Nov. 17.—"Constantine is our rightful king," former pro-Gounaris, leader of the successful party in the Greek elections said, "and we expect to have him back upon the throne as soon as a plebiscite is held showing that the people want him."

ATHENS, Nov. 17.—It is believed here that the allies would refuse to recognize Constantine should the latter be restored to the throne of Greece.

Easy to smoke, Melba cigars. 15-20

A Wonderful Opportunity

For Large and Small Investors

There is no industry in Oregon today which has brighter prospects than that of raising Peppermint on a commercial scale. Klamath county mint land produces an average of 60 pounds of Peppermint Oil to the acre, and this oil sells for from \$5.00 to over \$8.00 per pound. Large quantities of Peppermint Oil have been produced in the Willamette Valley, and it will be but a very short time before the returns will be great from Klamath county mint.

The Klamath Mint Company

Has a tract of 2,500 acres on the Upper Klamath Lake. 1,660 acres of this is reclaimed tule land, the best obtainable for mint culture, and the balance is upland, with a considerable growth of pine timber.

About 40 acres is planted to mint at the present time, and it is planned to plant 500 acres to mint each year until the whole 1,660 acres is producing its full quota of oil.

As will be seen from the above,

The Klamath Mint Company Is the Largest Holder of Mint Land With Full Water Rights in Klamath County

The officers and directors of the Klamath Mint Company are all men whose integrity is unquestioned.

CAPTAIN J. W. SIEMENS, president of the First State and Savings Bank, is the president of the company. He is a very heavy investor in its stock, and is giving a great deal of time and effort to make it a complete success.

DR. T. C. CAMPBELL, physician and surgeon of Klamath Falls, is the company's vice-president, and is putting in both his time and money.

JOHN SIEMENS, JR., cashier of the First State and Savings Bank, is the secretary and treasurer.

JOHN N. DAVIES is the general manager of the company. He is a successful mint grower from the Willamette valley, who, seeing the wonderful future in Klamath County mint, has come here and put both his broad experience and his money into the Klamath Mint Company after the most careful investigation.

Ask someone whose judgment you fully trust to give you an opinion on the great future possibilities of the mint industry in Klamath county. Get their opinion as to the financial standing and reputation of the officers of this company. Then let us show you what this land is producing, and the profits which it will bring to the stockholders. Let us show you what it will pay YOU if you buy stock, and then convert it into land as you are privileged to do under our new sales plan. Under this plan you are able to own land **ALREADY PLANTED TO MINT** at a cost far less per acre than each acre should produce **THE FIRST YEAR.**

This Stock is Now Being Sold on Terms, One Plan Giving You Fifty Months in Which to Pay

The Klamath Mint Company is capitalized for \$200,000, this being just \$80.00 an acre, and this money is all being put into land and development.

Will you let us know when it will be convenient for you to have us call and explain our future plans, and just what they can mean to YOU?
