DAIRY COURSE AT THE O. A. C.

OREGON AGRICULTURAL COLLEGE, Corvallis, Dec. 4.—A dairy manufacturing course, lasting eight weeks, will be given at the college, commencing January 3. The course will be of a wider scope than has ever been offered before, both in the thoroughness of the work and in enrollment requirements. Both experienced and inexperienced persons will be accepted.

Practical work in the college's modern creamery will be the feature of the course. This commercial type of creamery, handling 110,000 pounds of butter annually, and having a daily capacity of 2,000 pounds, will be conducted entirely by the students. A new 1,000-pound Victor churn and a 200-gallon pasteurizer which have just been purchased, being the equipment entirely up to date.

The cheese department, having a daily capacity of 5,000 pounds of milk, will be in operation during this course, and the market milk department, handling 200 gallons of milk daily, will be operated entirely by student labor. An order has been placed for a 50-quart brine ice cream freezer to complete the equipment of the department, so that this work may be included in the course.

All persons who are now in dairy work or are interested in it are urged by the dairy department to attend this short course and obtain up-to-date information on dairy manufacture. Information in detail upon the course is available upon request to the O. A. C. dairy department.

ATROCIOUS ACTS DONE, ASSERTS IRISH PAPER

The Irish Independent, published in Dublin, contains many accounts of the vicious treatment being accorded Irish citizens at the hands of the British military. The following stories are from recent numbers of the Independent:

"At Cummer 20 men who were on the street were stripped and flogged and sent home without clothes.

"Uniformed men went into Rafferty's shop for a drink early Saturday morning. That night Rafferty was taken out of bed, naked, taken a mile away and flogged, thrown over a wall and dropped 10 feet into a bed of thistles and nettles. He had to scramble out of this position and was made to crawl along the road for 30 yards, all this time being flogged. He was then made to lie flat on the ground and one man stood on the back of his legs so that he could not raise his feet to ward off the blows. The same evening a rope neck and he was dragged back over a wall. His brother got a blow of a revolver in the head. Their sister was kept in the house by an armed guard.

"People were horrified to learn that Jeremiah D. Healey, a blacksmith, aged 18, and Patrick J. Harrill, a rural postman, aged 24, had been shot dead. Bodies found in field 300 yards from town. Both men appeared to have been shot in the head. The young men bore irreproachable characters.

"Devon Road company, Limerick, cooperative creamery was destroyed by fire on Monday night, the damage running into thousands.

"On Monday, between 3 and 5 o'clock, uniformed men with blacked faces arrived at the house of Miss Barrett. A voice was heard to give 'Halt!' Rifle firing started, several bullets passing through the window. A bomb burst under the bed which she had just left, tearing up the floor and doing enormous damage.

"Many women and children have had to flee from their homes, owing to the nightly scenes of terrorism in Tuam. Monday night houses were raised and men connected with the Transport union taken from their beds. Mr. J. Higgins, secretary, was arrested and Stephen Kane was assaulted. He was kept out all night and terribly beaten by uniformed men for not undertaking to sever his connections with the trades council.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect.

But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old

preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.—Adv.

The annual election of officers of the Woman's Relief Corps will be held Monday Nov. 6 at 2:30 p. m. at I. O. O. F. hall. A good attendance is desired as business with regard to Christmas box to Old Soldiers Home at Roseburg is to be completed also.

NEW YORK—Police and detectives here are searching for nearly a half million dollars' worth of gems and jewelry stolen from Mrs. Charlotte King Palmer, wealthy divorcee here. The thieves first bound and gagged the house servants after they had answered the doorbell, believing their mistress wished entrance, and then, awaiting Mrs. Palmer's return, seized and gagged her also before stealing jewels she wore, worth \$400,000.
