

CALIFORNIA NEWS

YREKA, Dec. 7.—According to the annual report from the Trinity national forest, there were grazed in the forest last season 15,469 cattle and horses, 22,247 sheep and goats, and 1,125 hogs. These are exclusive of what were grazed on private lands within the forest boundaries—2075 cattle and horses, 6850 sheep and goats and 220 hogs.

MARYSVILLE, Dec. 7.—Taking the law into their own hands members of the Yuba-Sutter post, American legion raided an alleged U. S. army goods store on D street, carried the goods into the street where they were piled into a truck, taken to a local railroad depot and gave the men instructions to immediately leave town. This action resulted from an alleged insult of two local Red Cross girls when they entered the army store to sell Red Cross membership buttons. The men in charge of the store, it is alleged, according to the girls' report to the Red Cross headquarters here, not only refused to buy buttons, but grossly insulted them.

GRASS VALLEY, Dec. 7.—Dogs found upon the streets without muzzles and not under leash are to meet with instant death at hands of the official dog-killer of the city employed by Dr. Jones, local health officer.

MARYSVILLE DDec. 7.—Bids on the privilege of leasing a tract of land consisting of 120 acres in Sutter county for hunting purposes will be opened by the state reclamation board at Sacramento on December 29. The land is located in the Sutter By-pass and comprises what is known as the Hale property.

WOODLAND, Dec. 7.—Other bakers joined the National Baking company here in lowering the price of bread and according to a very conservative estimate, allowing 2000 loaves of bread distributed in Woodland alone daily, at the rate of a saving of two cents a loaf the annual saving to the public will be \$14,400.

YREKA, Dec. 7.—Approximately 800,000 bags of rice, valued at between \$1,500,000 and \$2,000,000, were lost in California as the result of the seasonable rains. This is according to an estimate made by J. H. Stephens, president of the Pacific Rice Growers' association, which is checking up the loss.

BERKELEY, Dec. 7.—Edward Elliott, brother-in-law of President Wilson, and Dr. J. R. Douglass have resigned their professorships in the department of political science in the University of California.

The two professors have accepted more lucrative positions with a Los Angeles banking firm.

JUDGE INDICTED

CLEVELAND—Judge W. H. McGannon (above), chief justice of the Cleveland city courts, has been indicted on a charge of second degree murder in connection with the killing of Harold C. Kay, garage man. McGannon says he was not present at the shooting. Testimony of Miss May B. Neely (below) is believed to be largely responsible for McGannon's indictment. She says she was an eye-witness.

OAKLAND, Dec. 7.—Suit for \$20,000 have been entered in Alameda county against David P. Barrows, president of the University of California, by Melvin W. Wood, student suspended from the university October 1 under a cheating charge.

LOS ANGELES, Dec. 7.—Prosecution of believers in non-medical healing for manslaughter or neglect, upon proof of failure to provide proper medical attendance for children, was promised in a letter from Thomas Lee Woolwine, district attorney for Los Angeles county, to Dr. Rea Smith, president of the Los Angeles county medical society, made public here by Mr. Woolwine.

SAN FRANCISCO, Dec. 7.—Investigation by customs authorities here of a shipment of whisky billed at approximately \$54,000 from this city to Shanghai, revealed the fact that the barrels were filled with colored water.

The shipment was being loaded on the Japanese liner Tenyo Maru.

SAN FRANCISCO, Dec. 7.—Cities of the Pacific coast were warned by the United States secret service here to be on guard for altered federal reserve notes which have been issued by an unusually clever counterfeiter in the far east.

The notes have been raised from \$1 and \$2 to \$50.

Dance at Malin For High School Athletic Fund

(Special to Herald) MALIN, Dec. 7.—The first entertainment to be given by the first Union high school in Klamath county will be staged at the town hall here Saturday night, dancing being the order of the evening. "DIDN'T EARN IT"—REFUSE MILLION

BOSTON—"We never did anything to deserve the money," declares Charles Garland, automobile mechanic, here. Garland and his wife turned down their share of a \$1,000,000 legacy left by his father, James A. Garland, multi-millionaire clubman of Boston. Hamilton Garland, sophomore at Harvard University, backs up his brother. "I didn't earn it," says he. Mrs. Charles Garland says her husband is right. Above, left to right, Charles Garland, Mrs. Garland and Hamilton Garland.

Telephone Financing

Our business in Oregon is financially unsatisfactory. Our revenues must be increased. Present service cannot be maintained at a desired standard, nor can our system be expanded to meet new requirements unless new capital is secured.

Many people may not understand that in the operations of a public utility its extensions and permanent improvements are not provided for in the rates for service charged, but they are paid by "new" money—money invested in the business by those who have surplus funds.

The large sums necessary must come from the people who buy stocks and bonds and who have confidence in the soundness, maintenance and earning power of the investment behind their securities.

For this money the market rate of interest must be paid—high at the present time when nations, cities and corporations of unquestioned financial responsibility are seeking capital. The United States is paying 6% for money. Some trust mortgages are offered at 7%. Good industrial stocks at 8% and higher.

The people of the state of Oregon last month by a vote of 5 to 1 defeated a proposition to limit interest in this state to 4% and 5%. They realized that nothing but business disaster and commercial paralysis would follow the adoption of such a measure. Who would loan money in Oregon at 4% and 5% when other investments, just as sound, were available at 6%, 7%, 8% and higher.

The property of this company in the State of Oregon today is not earning 1% upon each dollar invested. With such a showing on present investment, how can we expect additional investment?

We have asked the Public Service Commission to consider our situation. The facts and figures will be placed before this official body with their own special facilities for investigation and verification.

We are asking simply to be placed in a position where we can give good service, make extensions, provide a proper reserve, pay interest on our obligations and a reasonable return to the owners of our property.

Rub Backache Away.

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or may be from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly

harmless and doesn't burn or discolor the skin.

Linger up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had headache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappears and has been recommended for 60 years.—Adv.

When Fate and Fire Throw Dice

A TINY spark, a sputtering flame—then a raging furnace of heat and destruction; another town or perhaps a whole city desolated; wiped completely off the earth; victims of the red scourge! When will it stop?

By some weird schedule, yet with remarkable accuracy, fate and fire pick their path—and it's usually across the inflammable roofs of a community. And what is to halt the progress of roof-to-roof fires unless buildings are covered with roofings which resist fire and stop its spread? Such roofings are of Johns-Manville Asbestos, a mineral which satisfies every roofing requirement as to durability, economy and fire protection.

ASBESTOS ROOFING WILL PROTECT YOUR BUILDINGS

Asbestos, the base of Johns-Manville Asbestos Roofings, is a fire-proof mineral which will not ignite though heaped with blazing brands. It is not harmed by water, oil or ordinary acids and alkalis; and it never needs paint.

Johns-Manville Asbestos roofings are made in many forms so that now every building can have the protection it needs. Johns-Manville Standard and Colorblende Asbestos Roofings for homes; Asbestos Ready-to-Use Roofings for sloping roof decks; Asbestos Built-up Roofing for flat roof surfaces and Corrugated Asbestos Roofing for skeleton frame buildings.

Ask us about the Johns-Manville policy of roof registration which continues their responsibility until you get the service promised.

TO DEALERS: We are the authorized distributors in this territory for Johns-Manville roofings and building materials. Ask us about the advantages to you in handling this splendidly advertised line.
