

CHILE IS BUILDING FIRST SKYSCRAPERS

SANTIAGO, Chile, Dec. 8.—The first "skyscrapers" on the west coast of South America are being erected here. A 12-story reinforced concrete office building is about completed and another of 15 stories is in its

first stages of construction. It is said both structures will be "earthquake proof." Earth shocks are common to this country.

Wigs worn by criminal judges on the English bench are distinguished from those of civil judges by a little patch of black horse-hair on the top. Baby's also are actually afraid of water, and have to learn to swim by repeated efforts. When once they have been taught to swim however they soon forget to walk.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turn gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready to use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it dardens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—Adv.

SUMMONS FOR PUBLICATION IN FORECLOSURE OF TAX LIEN.

IN THE CIRCUIT COURT OF THE STATE OF OREGON, FOR KLAMATH COUNTY.

C. G. Hunt, Plaintiff vs. Charles Pieper, Defendant.

To Charles Pieper the above named defendant.

In the name of the State of Oregon:

You are hereby notified that C. G. Hunt is the holder of Certificate of Delinquency numbered 1151 issued on the 5th day of January, 1920 by the Tax Collector of the County of Klamath, State of Oregon, for the amount of 14 \$6-100 dollars, the same being the amount then due and delinquent for taxes for the year 1916 together with penalty, interest and costs thereon upon the real property assessed to you, of which you are the owner as appears of record, situated in said County and State, and particularly bounded and described as follows, to wit:

West half of Southeast quarter of section two (2.) township thirty-nine (39) south, range eight (8) east of Willamette Meridian.

You are further notified that said C. G. Hunt has paid taxes on said premises for prior or subsequent years, with the rate of interest on said amounts as follows:

Year's Date Tax Re. Amt. Rate of Interest

1917 Jan. 5, 1920 7292 \$13.04 12%

1918 Jan. 5, 1920 6923 \$12.17 12%

1919 Mar. 6, 1920 292 \$11.80 12%

Said Charles Pieper as the owner of the legal title of the above described property as the same appears of record, and each of the other persons above named are hereby further notified, that C. G. Hunt will apply to the Circuit Court of the County and State aforesaid for a decree foreclosing the lien against the property above described, and mentioned in said certificate. And you are hereby summoned to appear within sixty days after the first publication of this summons, exclusive of the day of said first publication, and defend this action or pay the amount due as above shown, together with costs and accrued interest, and in case of your failure to do so, a decree will be rendered foreclosing the lien of said taxes and costs the land and premises above named.

This summons is published for six weeks by order of D. V. Kuykendall, Judge of the Circuit Court of the State of Oregon for the County of Klamath and said order was made and dated this 1st day of December 1920 and the date of the first publication of this summons is the 1st day of December 1920.

All process and papers in this proceeding may be served upon the undersigned residing within the State of Oregon at the address hereafter mentioned.

ALL DELIGHT TO HONOR FOCH

Whole World Paid Homage to the Genius of the Great French Master of War.

Marshal Foch's home in the Avenue de Saxe, Paris, has become one of the wonderful dwelling places of the world. Far more than a dwelling place, it is now a museum of glory. The rooms of that modest first floor flat are crowded with the trophies which all civilization has offered in homage to the man who led the allies to victory. Such profusion of beautiful things and notable works of art is rare, and amidst it the unassuming figure of the marshal moves almost unnoticed, as it seems, by the possession of these precious trophies, which only his kindly courtesy induced him to accept.

They come from every part of the world. That large, solid silver statuette of a French general of the Napoleonic wars is signed by Los Amigos de Francia a Francophile league in Spain. Next to it is an alabaster figure by a French master. Over the hearth stands a great gilt empire clock inscribed "To Marshal Foch, from the grateful town of Cassel."

Gold caskets, jeweled swords of honor, antique and valuable miniatures and ivories, the splendid enamel collar of the Grand Cross of the Bath, are crowded together in the glass cabinets that line the walls. Here is all the respect, all the enthusiasm, all the gratitude and joy of victory of a whole world, expressed in the finest and loveliest forms that the ingenuity of great artists, sculptors, goldsmiths, can contrive. And it is proof and touchstone of the merit of the man to whom they have been offered that he lives in this illustrious treasury of glory without seeming to be conscious either of it or his fame.—G. Ward Price, in the Continental Edition of the London Mail.

BEFORE WHITE MAN'S COMING

Eight Groups of Indians Divided the Land Which We Now Know as North America.

The North American Indians were divided into seven or eight great groups, according to their various languages. The Algonquians made up the largest family, comprising the eastern tribes of Canada and the United States south of Hudson bay, east of the Mississippi river and south to Virginia and Tennessee, including the Ojibwas, Ottawa, Cree, Algonquins and Blackfeet. The Iroquois or Five Nations of Cooper's stirring tales inhabited the east central states, including New York. West of them lived the Dakotas or Sioux, from Canada to Arkansas and from the Mississippi to the Rocky mountains. The Muskogis or Appalachians occupied the southeastern states as far west as the Mississippi; while the Shoshonis were at home in the region from Texas to Montana and from California to Idaho. The Athabascans, the Yumas, and the Pueblos occupied Alaska and Canada, Oregon and New Mexico respectively.

Strange Hotel.

What is probably the queerest hotel and restaurant in the world is that recently erected at Atlantic City, N. J. It takes the form of a monster elephant. Seen from a distance the resemblance of the structure to a live elephant is remarkable. As you approach it its huge size becomes apparent, but you quickly observe that it is only a thing of wood and iron, but most cleverly contrived. It boasts of many beds, and a dining pavilion on the animal's back capable of accommodating two hundred people. One reaches this novel restaurant by means of a staircase which runs up through the elephant's legs and body. Here and there windows give the necessary light. Needless to say the elephant hotel is causing quite an attraction, and its owner bids fair to reap a good harvest as a result of his ingenuity.

Virginia Still Holds Record.

Even with the inauguration of an Ohioan as president next March assured, as nearly as human events can be, Virginia will still hold the record for native sons in the White House. The record then will stand: Virginia, Washington, Jefferson, Madison, Monroe, William Henry Harrison, Tyler, Taylor, Wilson, S.; Ohio, Grant, Hayes, Garfield, Benjamin Harrison, McKinley, Taft, Harding or Cox. 7. Of Virginia's sons five were of English paternal ancestry, two Scotch, one Welsh. Of Ohio's sons three were of English paternal ancestry, two Scotch, one Scotch-Irish. We have seen no authorized statement of the paternal ancestry of Harding or Cox.

Experiments in Road Building.

In order accurately to determine the durability of the various kinds of roadway, the government bureau has a stretch of roadway at Arlington representing all the different methods of road building, and over this a heavy machine is drawn back and forth by cable. This is supposed to reproduce the action of vehicles passing over it and the results are carefully noted and compared. The result of the operations will be used as a guide to the expenditure of nearly \$300,000,000 which will be made under government auspices during the next three years.

In Favor of Yachts.

"You prefer yacht racing to horse racing or motor racing?" "I do. You can take your wife to see all kinds of sail boats without her insisting on your trying to own one."

19 STATES HAVE PARKS

DES MOINES, Ia., Dec. 8.—State parks, which are to form the principal topic of discussion at the national conference called by Governor Harding, co-operating with the secretary of the interior, to meet in Des Moines January, 19, 11 and 12, already have been established in 19 states, according to information compiled by the national park service for the use of the meeting.

Six states have set aside forest reserves and game refuges which are equivalent to parks in that they are preserved from exploitation by private interests and are used as recreational areas, according to the information. Seventeen states have not established any parks, while information as to the other six states has not been obtainable.

More states east of the Mississippi, the information reveals, have created parks than have states west of the great river, the official list showing that state parks now exist in California, Connecticut, Idaho, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, New Jersey, New York, North Carolina, North Dakota, Ohio, Pennsylvania, Rhode Island, South Dakota, Texas and Wisconsin. The states having forest reserves, game refuges but no parks, are Alabama, Arizona, Colorado, Georgia, Tennessee and Utah. Of those without such regions, Maine and Virginia have in contemplation the establishment of state parks while Florida has a unique and beautiful spot owned by the Florida federation of women's clubs and dedicated to the preservation of the royal palms.

The information obtained says: "Iowa probably has progressed further than the other states toward an adequate park system, which was the reason Secretary Payne suggested that the national conference be held in that state. While Iowa's park area is exceeded by that of other states, no other state has such complete plans as Iowa, where a statewide survey has been made and plans formulated for providing parks so that every resident some day will have a great free out-door playground within a few minutes ride of him. The lakes of the state especially are being preserved.

"Connecticut has a comprehensive park system, containing 22 parks, one of 2000 acres. New York has a large number of state parks and reservations, the Adirondack park of 3,313,564 acres being the largest in the United States."

"Uncle Ben" Holt Dead at Stockton

STOCKTON, Cal., Dec. 8.—Benjamin Holt, president of the Holt Manufacturing company, inventor of the caterpillar tractor, and through whose inventive mind developed the tanks that took such a great part in the world war, is dead.

Holt had only been confined to his bed about ten days, and his death came so suddenly there was not sufficient time to summon to Stockton two of his eldest sons, who reside in Peoria, Ill., and Dallas, Tex., respectively, or the two younger sons, who are attending the University of Berkeley.

IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of Salts Before Eating Breakfast

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

If the Wood Dealer Sold Service
We do not sell current; we sell service. That sounds odd doesn't it?
Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.
Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.
That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.
If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.
