The St. Paul's Episcopal Guild met yesterday afternoon at the home of Mrs. S. E. Martin. Plans for Christmas charity work were laid and other business gotten out of the way. At 5 o'clock the company were ushered into the dining room where a delightful luncheon was served. About 20 members were present.

The annual Frosh reception was a feature in the realm of Klamath Falls young social whirl, Friday night at the high school building. The entertainment was in form of a "western night" to which the whole student body and faculty were invited; the only stipulation being that every one wore his or her oldest clothes and came prepared for a rousing time. Late in the evening the hosts served their student body guests with a luncheon.

CHEAPER MILK AT ELECTION BOOTHS

GREEN BAY, Wis., Dec. 11.—Housewives here have been going to election booths every morning, not to vote, but to buy milk for 10 cents a quart, 3 cents cheaper than it has been for months. Mayor Elmer S. Hall and the city council back the plan to use the booths as milk distributing stations and it is believed other price drops will follow the slump in milk cost.

EXCEPT HOTEL, CRATER LAKE HAD GOOD SEASON

WASHINGTON, Dec. 11.—"So far as travel, climate, road conditions, and the maintenance and protection of the park were concerned the Crater lake season of 1920 was the most successful of its history," says John Barton Payne secretary of the interior, in his annual report to congress. He continues:

"Every factor of operation excepting one was considered satisfactory; the exception was the operation of the hotel and camp accommodations which was not up to the standard. As a result the present operator has been given notice that his services to the public have not been satisfactory and a reorganization is being insisted on. The governor of Oregon and other citizens of that state have given their personal attention to the rehabilitation of the Crater lake utilities through the purchase of the property from the present owners, and undoubtedly a complete, satisfactory reorganization can be effected in time to offer proper service. Roads and trails within the park were in good condition throughout the summer. There are now 57 miles of roads and 34 miles of trails. The roads were open earlier this year than ever before.

"Roads leading to the park from the east and west slopes of the Cascades were not in good condition. These highways, however, are slated for improvement under the federal roads act.

"Bills in congress to enlarge the Crater Lake national park northward by the addition of the Diamond lake region and Mount Thielsen, approved by the department of the interior, have not yet received the sanction of

congress. The enactment of this legislation into law is one of the important prerequisites to the adequate development of Crater Lake park. The enlargement would open to the motorist fine camping grounds, with ample water; roads with excellent trails could be built from Diamond lake to the Crater without great difficulty; Diamond lake itself is shallow, offering excellent opportunities for bathing, while fishing abounds. It is ideal from a camper's standpoint.

Fishing in Crater lake itself was excellent this year, many large trout being taken by enthusiastic anglers. Smaller game has been numerous, but bears, always attractive and interesting, have been scarcer this year than usual. Undoubtedly bear and deer were driven down from the heights into the territory outside the park by the snows and killed. The necessity of additional game preserves is therefore apparent."

MUSIC FOR MALIN HIGH SCHOOL DANCE INSURED

(Special to The Evening Herald) MALIN, Dec. 11.—The success of the Union high school dance to be given here tonight will be to some extent assured by the tuning of the piano yesterday by R. Madsen of Klamath Falls.

Mr. Madsen was compelled to come here from Klamath Falls on the stage, owing to a mishap suffered by his truck. While going from Lakeview to Klamath Falls a few weeks ago he stripped the differential gears and was forced to leave the truck and continue by stage. He also tuned the piano at the Malin hotel while here.
