

BEARS PLENTIFUL

HELENA, Mont., Dec. 16.—Local hunters report bear and mountain lion in abundance within a few miles of Unionville, a suburb four miles south of the city of Helena. There is also said to be many lynx in the Unionville district. A brown bear, weighing 850 pounds, was killed two miles east of Butte recently by Jake Pincus, local butcher. Meat from the animal, which was shot within a few feet of a well traveled highway, was sold by Pincus in his shop.

The Office Cat

BY JUNIUS

Draw His Hide!

I've just finished a note to a foeman in which I quite plainly expressed the firm and deep seated conviction that the fellow to whom 'twas addressed,

is a white livered skunk and a scoundrel.

A robber and porch-climber, too. Then I tacked on a withering postscript

Believe me, I told him a few!

Evno!

Yes, I've written a note to a foeman And vented my rancor and hate, But I'm feeling much better Since I finished the letter So I'll just chuck it into the grate.

Since witnessing the performance of New York's pet comique not so long ago, we have been making a careful analysis of same and the test tube shows 90 per centum of unalloyed smut—as against 10 per centum of legitimate humor. We hold that the above ratio should be reversed. There appears to be a notion—whether well-founded or not, we do not presume to say—that people who patronize the theatre have a particular craving for stuff which is a bit rare, but we do not believe they thirst upon having it raw.

This humble chronicler once patronized an alleged boarding house where canned beans were the headline offering. We ate them, of course, because we were hungry and there was nothing else in sight—not because we had a wild and insatiable craving for beans.

That sounds somewhat heavier and more sermonesque than it was in-

Don also says that you cannot make both ends meet by stretching the imagination.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has

been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.
