

PARE BUDGET BY BILLION AND A HALF

(By Associated Press)
WASHINGTON, Dec. 17.—Urging rigid economy in appropriations during the fiscal year in order to lighten tax burdens, Representative Mondell, republican leader in the house, declared that the total estimate of \$4,652,800,000, submitted by the secretary of the treasury, should be reduced by approximately \$1,400,000,000. The reduction will be chiefly by scaling down estimates for the army, navy and sundry civil expenses.

FEEDING 125 HEAD OF CATTLE BIG CHORE

(Special to The Herald)
MALIN, Dec. 17.—Feeding 125 head of cattle is no small task, according to V. J. Spolek. This is the number of cattle he is feeding this winter for George Watt of Klamath Falls. The cattle consume about two tons of hay every day. Mr. Spolek reports, and this amount of feed hauling in the winter becomes quite a chore. Grazing is practically impossible now, owing to the three inches of snow that have laid on the ground for the past two weeks.

The use of verbs manufactured out of nouns is satirized in the story of the city boy who wrote to his brother on the farm: "Thursday we autoed out to the country club, where we golfed until dark. Then we trolleyed back to town and danced till dawn. Then we motored to the beach and Fridayed there." The brother on the farm wrote back: "Yesterday we buggied to town and baseballled all afternoon. Then we went to Ned's and pokered till morning. Today we muled out to the cornfield and gegawed till sundown. Then we suppered and then we piped for a while. After that we staircased up to our room and bedstedded until the clock fived."

EDITORIAL

The prices quoted in this ad are possible only by reason of the purchase of a carload of stoves and ranges before the advance in freight rates. The price was made f. o. b. Klamath Falls and delivery to be in August. The car did not arrive until October and \$250 was added for freight, representing the increase between the old and the new rate. This we would not pay, and it had to be taken care of by the shipper. Since we placed the order there has been a decided increase in the price of these stoves and ranges. You get the benefit of both these savings and it is because of this we are able to quote you a price of \$45 to \$150 for ranges and from \$23 to \$34 for heaters. If we had not made the good buy we did you would have to pay 30% more.
