Healthy Automobiles

You cannot expect your car to be healthy all winter unless you give it proper protection.

Sick Cars Are Expensive

Exposure to weather causes trouble, deterioration and rapid depreciation. Wet wires cause short circuits—water on metal parts causes rust. The paint on the body will check and crack if moisture is allowed to collect and stand.

"You'll Always Find" says the Good Judge

That you get more genuine satisfaction at less cost when you use this class of tobacco.

A small chew lasts so much longer than a big chew of the ordinary kind. And the full, rich real tobacco taste gives a long lasting chewing satisfaction.

Any man who uses the Real Tobacco Chew will tell you that.

Claims Russ Grant

W.D. VANDERLIP

LONDON, Dec. 20.—Washington D. Vanderlip, Pacific coast mining engineer, who says he obtained 60-year grants of 400,000 square miles of Siberian territory from Lenin and the Russian soviet government, has arrived here. Vanderlip was a sensation in the news recently when it was rumored that he was in Russia as an agent of President-elect Harding. Harding promptly denied the rumor.

CALIFORNIA NEWS

STOCKTON, Dec. 21.—After a search of ten years Morris Bodsky was reunited with his son, Edward Babkin, the adopted son of Mr. and Mrs. M. A. Babkin to whom he had been given by his mother when a baby. Father and son have left for New York where he will meet his mother for the first time, later going to Palm beach with his father for the winter.

COLUSA, Dec. 21.—In line with the policy adopted throughout California to clean cities of suspicious characters, a housecleaning was made in Colusa.

CHICO, Butte Co., Dec. 21.—That Harry Lamberson, Portland youth, who was shot here Saturday night when he is said to have drawn a gun on Special Policeman Jess Harden, has a clean record is the tone of a letter received here yesterday by Marshal J. A. Peck from C. L. Stookey of Olympia, Wash., a friend of Lamberson for years.

LOS ANGELES, Dec. 21.—Falling into a trap set in a local bank Max Israel, 13 years of age, of 1145 East 28th street, the youngest person ever taken into custody by the local police

on a forgery charge, was arrested by Police Detectives Bean and Smith. After his arrest the boy confessed to having forged five checks and stated that he had secured a total of \$40.

BRAY EAST FOR HOLIDAY

William Bray left Monday morning for Oshkosh, Wisconsin, where he will spend the holidays. Mr. Bray has made plans to begin the construction of a new mill and logging railroad early in the spring, the former to be erected near the site of the Growers' Packing & Warehousing company's plant, and the railroad to connect Mr. Bray's timber holdings on the reservation with the Southern Pacific railroad. Mr. Bray, with O. D. Williams and C. J. Ferguson recently formed the Klamath Logging company for the purpose of building the mill and road. He will return in time to supervise construction.

At one time young men might take as many kisses from a maid as there were berries on the mistletoe bough, and another kissing fancy was that he might go on kissing until a berry fell, had he a mind to.

BAZAAR WAS A VERY SUCCESSFUL AFFAIR

The Catholic ladies' bazaar, held in the Scandinavian hall the four last days of last week, ended in a blaze of glory, the largest crowd of the bazaar period being present Saturday night. The booths were practically depleted, and the amusement features, from the first to the last, were thoroughly enjoyed. A delightful dance was the closing feature. A very satisfactory sum of money was secured as the result of the ladies' efforts.

NOT ALL M D'S Doctors must be somewhat scarce in Klamath Falls just now, for three of the profession are in Portland from that place. Dr. A. A. Soule, the city health officer, is at the Hotel Portland, and Dr. P. M. Noel and Dr. E. G. Wisecarver are at the Benson. However, Klamath Falls is pretty healthy.—Oregonian.

MODERN CRANKCASE CLEANING SERVICE
"FOR CLEAN OIL IN A CLEAN ENGINE"

The new "engine insurance"

"CLEAN oil in a clean engine" is a "policy" that no motorist can pass up if he expects his engine to give efficient service.

After a few weeks of driving, your engine oil becomes dirty with carbon, road dust and fine particles of metal—and diluted by gasoline which works past the pistons.

To rid your engine of this dirty, diluted oil and refill the crankcase with clean, fresh oil, we have installed Modern Crankcase Cleaning

Service. Our skilled mechanics can perform this needed service for you quickly and at a nominal cost. We use Calol Flushing Oil, which cleanses thoroughly without danger of contaminating the fresh oil. And to assure proper lubrication for your engine we refill the cleaned crankcase with Zerolene of the correct grade.

Bring in your car today. Let our Modern Crankcase Cleaning Service give you better engine performance and longer life for your car.
