COMB SAGE TEA INTO GRAY HAIR

Darkens effaultfully and Restores its Natural Color and Lustre At Once

Common garden sage, brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as 'Wyeth's Sage and Sulphur Compound,' thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger.—Adv.

The American mistletoe differ from the English mistletoes in the independence of the sexes. In the European, the male and female flowers grow upon the same plant, hence berries may be found on every plant. In America each sex labors for itself, and grows on separate plants; hence there are many plants wholly barren so far as berries are concerned.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly headache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys, and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.
