MARKET REPORT.

PORTLAND, Dec. 27—Livestock and butter firm; eggs weak.

WESTERN MILLS LUMBER OUTPUT HALF NORMAL

PORTLAND, Dec. 27.—Production for the week ending Dec. 18 was 1.36% less than shipments. This is the first time since July that shipments have exceeded cut, and is a reflection of the greatly increased number of mills that have closed down as the end of the year approaches.

Actual production for the week was 54% of normal.

The volume of new business showed a marked decline in both domestic cargoes and export trade, while the total of all orders accepted for the week, was the smallest of any week for the year with the exception of the holiday week ending Jan. 3, 1920.

Rail shipments exceeded rail orders 39.69%.

Actual production at 119 mills was 46,111,295 feet; total new business was 29,563,609 feet; total shipments were 46,739,403 feet.

The steady decline in the unfilled balance in the rail trade has not been interrupted and is now 2485 cars.

In the local trade new business amounted to 2,274,611 feet and deliveries were 3,123,947 feet.

In the cargo trade, domestic orders were 2,638,998 feet and export 1,079,000 feet. Shipments were: domestic, 4,533,252 feet, export, 6,142,204 feet. The unshipped balance is: domestic 85,147,152 feet; export, 13,660,895 feet.

SUCCESSFUL CHRISTMAS PROGRAM AT MALIN

MALIN, Dec. 27.—A Christmas program was given by the public schools of Malin and Shasta View at the town hall here on Christmas evening. All persons attending reported an enjoyable evening. The program consisted of plays and songs by the school and parts thereof.

Candy was distributed among the children and both schools at the end of the program. Malin has had a Christmas program similar to this one every year.
