IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of Salts Before Eating Breakfast

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. —Adv.

The fading of Walter Johnson leaves the major leagues with no recognized strike-out king. The pitcher who made the highest number of batters fan the air in a game in the majors last year was Urban Shocker, whose record was 14. Striking out a dozen batters or so nowadays is a more notable achievement than in days gone by. Away back in the early '80s Charley Sweeney, pitching for Providence, fanned 19 batters in a 9-inning game, a record that has never been beaten.
