**Andy Towles Says Tanlac Built Him Up So He Is Ready to Go Back On Job—Rheumatism Gone.**

"Tanlac certainly proved to be the medicine I needed for since I began taking it I have gained 21 pounds and am ready to go back to work," said Andy Towles, 522 Market street, Portland, Ore.

"For two years before I started taking Tanlac I had suffered from stomach trouble and rheumatism. My appetite was poor and the little I did manage to eat wouldn't digest and made me miserable for hours afterwards. Gas would form on my stomach and press against my heart and lungs until I could hardly breathe and often I just had to gasp for breath. I was always constipated, had awful headaches, there was a roaring noise in my head and I often became so dizzy I could hardly stand on my feet. The rheumatism in my back and legs was so bad I was nearly always in pain and my joints were so stiff I could scarcely use my limbs. Finally I became so nervous, run-down and weak I just had to give up and quit work entirely. "A friend of mine in Seattle, told me of the benefits he had received from Tanlac and I decided to try it

mystef. Well, sir, it has done me so much good my friends all ask me what I have been taking to make me look so well, and I mightly quick tell them it was Tanale. I now have a splendid appetite everything agrees with me and I am never troubled with gas or shortness of breath. The rheumatism has left me entirely, and I can get around as good as I ever could. I am not bothered with constipation, never have a headache or dizzy spell that peculiar roaring has gone from my head. My nerves are in good shape, I sleep well, have regained my lost weight and strength and feel simply fine all the time."

Tanlac is sold in Klamath Falls by Star Drug Co., in Lorella by James Merc. Co. and in Merrill by Southern Oregon Drug Co.—Adv.

**SAGE TEA TURNS GRAY HAIR DARK**

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade by dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turn gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready to use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—Adv.
