

## Prominent Western Man Praises Tanlac

G. W. Logan, Peabody, Kansas

"Tanlac has completely restored my health and I feel finer than in years," was the straightforward statement made recently by Mr. George W. Logan, of Peabody, Kansas, one of the most prominent stock-dealers in the middle west.

"It has not only made a new man of me but I have actually gained thirty-five pounds in weight and feel as well as I ever did in my life. I am telling all of my friends about Tanlac but they can see for themselves what it has done in my case."

"When I began taking Tanlac, I was in an awfully run-down condition. I was away off in weight, felt weak and nervous all of the time and couldn't take any interest in my work or anything else. My main trouble

was indigestion. Nothing seemed to agree with me. Times I would have dizzy spells and at other times my back would ache so bad that I could hardly get up and down in my chair. This is just the condition I was in when I started to take this medicine. It took just six bottles to make a well man of me. I now have a fine appetite, everything tastes good and my digestion is perfect.

"My wife was also troubled with indigestion at times and it relieved her the same way. You may publish my statement wherever you like and if anyone doubts it, just tell them to see me."

**Among the Class Ads.**  
 Presumably all ad-lets in the "help wanted—male" columns of our newspapers are bonafide items expressing needs for men workers. When persons advertise for help they usually have a serious purpose prompting the action. But, there are some exceptions which prove the rule. Very often, little mistakes in the wording and punctuation make would-be serious ads comical. The office cat has found the following ad-laughs in the "help wanted—male" columns and feel sure they will tickle the risibles of our readers:  
 WANTED: Man who can run car and wife.—American Medical Journal.  
 WANTED: Man to look after garden Milk a cow with a good voice, accustomed to sing in the choir.—Connecticut Country.  
 WANTED: Bartender capable of mixing mince pies.—Dallas (Texas) News.  
 WANTED: Fifty bricklayers; highest wages plenty of parking space for automobiles.—N. Y. Daily news.  
 WANTED: Minister of the Gospel for lumber camp. Must be a good crap player. — Winnipeg, (Canada,) Telegram.  
 WANTED: Bookkeeper and assistant

to club manager.—Meridian, (Conn.) Record.  
 WANTED: Man to collect accounts not over 40 years old. Piqua, (O) Daily Call.  
 WANTED: Gentleman who can furnish one-half dozen eggs to my one-half pound of ham. Object—matrimony.—Montreal Star.  
 WANTED: At once in Pittsburgh, an honest lawyer to prosecute a crooked one.—Pittsburgh Dispatch.

## Leather Market Mending, Tannery Will Run Again

NAPA, Calif., Jan. 8.—Announcement that the plant of the Sawyer Tanning company, idle for the last five months, will resume operations at half-capacity within two weeks has been made here.

The announcement by H. H. Sawyer, vice president of the concern, states the leather trade is returning to normal and that there is a demand for the products turned out in the Napa plant.

Notices have been sent the former employes of the company, stating they are to be given preference when they apply for employment.

The Amateur Athletic Union of Canada has left no room for doubt as to where it stands on the question of amateurism. If it has its way anything in the shape of veiled-professionalism will have hard work to get by.

## NORTHWEST IS PLANNING FOR TOURIST TRADE

SEATTLE, Wash., Jan. 8.—Tourist travel for 1920, which greatly exceeded that of any previous year, has been followed by plans in several Pacific Northwest cities to erect hotels in anticipation of even greater traffic during 1921. Among the cities where new hotels have already been financed or are being promoted are: Walla Walla, Everett and Grays Harbor, Washington, and Corvallis, Oregon. Other announcements are expected to follow.

Tourist travel to Rainier National park over-taxed hotel accommodations there and 200 additional rooms are being provided. Also communities are improving their camping sites for automobile tourists and additional communities are planning to provide sites. A check of out-of-state auto traffic made in Portland, during the year, showed five times as many foreign automobiles in that city during 1920 than in 1919. Revenue received from tourists in the Pacific Northwest during the year is placed by the Pacific Northwest Tourist association as approximately \$45,000,000.

The 1921 tourist travel will greatly exceed the 1920 business, according to Herbert Cuthbert, executive secretary of the Pacific Northwest Tourist association, who returned recently from a trip through the east, where he made arrangements with tourist agencies and railway traffic officials to send a much greater portion of the tourist traffic to the Pacific Northwest in 1921 than in 1920.

## DON'T NEGLECT A COLD

If a cold is not treated when the first symptoms show themselves it will frequently develop into more serious complications.

A cold in the head or throat is no longer considered a condition that will correct itself without medication. If nature is properly assisted, this ailment can be corrected without bad after effects.

It is unnecessary to take unpleasant or obnoxious preparations for this purpose. There is a simple, safe, sure, efficient and pleasant combination for treating a cold. It is known as Rexall Laxative Aspirin (U. D. Co.) Cold Tablets, which contain Aspirin (U. D. Co.) and when combined with Acetanilide, Aoin and Capsicum, is widely acknowledged as being of great value in the treatment of colds.

These ingredients are most valuable in relieving pain, reducing fever, drying up coryza, lessening inflammation, eliminating poisonous secretions, warming up the stomach and shortening the duration of the disease.

Get a box of these Cold Tablets of us today. Take them according to directions the moment the first symptoms appear and you will obtain quick relief.

We guarantee them.

## If the Wood Dealer Sold Service

We do not sell current; we sell service. That sounds odd doesn't it?

Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.

That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.

If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.
