GUILTY OF MURDER

MYRTLE HEMSLEY

TOLEDO, O. — Mrs. Myrtle Hemsley is the first woman to be tried in Lucas-co for murder since women were granted suffrage. A jury in Common Pleas Court has convicted her on a second degree charge. Mrs. Hemsley shot and killed Leo Cousino, who was said to be in love with her married daughter. She claimed Cousino threatened the girl and her husband and she shot him to save

That's nothing. I went two months on a quart.

Not For Long At Any Rate

Joy riders are not found careering along the straight and narrow way.

The editorial staff has been so modest as to ask for a space in this column and to show that our heart is (almost) right, we have granted it.

- Has any one—
- Died,
- Eloped,
- Married,
- Divorced,
- Embezzled,
- Left town,
- Had a fire,
- Had a baby,
- Broke a leg,
- Had a party,
- Had a raise,
- Sold a Ford,
- Had twins,
- Rhumattz,
- Struck it rich,
- Been arrested,
- Bought a house,
- Stole a cow,
- Committed suicide,
- Fallen out of an airplane,
- Fallen out with his wife,
- Lost her to a handsomer man,
- Or anything like that?

If so—It's news. Send it in. We might publish it. Who knows.

W. O. Smith says that they put fools in the world for the same reason they put the black key on the piano, just to vary the monotony.

Time to Change 'Em

Girls, gather 'round and get in range, The time has come to make a change, The frost is here, the summer's gone, It's time to put your heavies on.

—Luke McLuke

Fred English says that according to his opinion an old maid gets a heap of satisfaction out of the knowledge that Minerva, goddess of wisdom, never married.

One half of the women don't know how the other half manage to dress so well on their husband's salary.

FISH MARKET OFF.

VANCOUVER, B. C., Jan. 10.—British Columbia's salt herring packers are joining the salmon packers in the class of producers who are faced with difficulty in marketing their product. The bottom has dropped out of the herring market and thirty dollars a ton is the top price offered for fish that cost from \$35 to \$38. As a result the salteries are being closed down and crews dismissed. Japan was one of the chief markets for British Columbia's salt herring, and the Japanese financial collapse helped to flatten the market.

CANADA FURNISHES GRAIN TO GROWERS

OTTAWA, Ont., Jan. 10.—Two and a half million bushels of seed grain were purchased and distributed to the farmers of western Canada during the 1920 season by the Dominion Seed Grain Purchasing commission.

During the four years the commission has been in operation, according to A. E. Wilson, dominion commissioner, it has expended over \$15,000,000 for the purchase for distribution in Canada of selected seed.

COMB SAGE TEA INTO GRAY HAIR

Darkens eBautifully and Restores Its Natural Color and Lustre At Once

Common garden sage, brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully, dark and luxuriant. Mixing the Sage tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as 'Wyeth's Sage and Sulphur Compound,' thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger.—Adv.

If the Wood Dealer Sold Service

We do not sell current; we sell service. That sounds odd doesn't it?

Well, suppose the wood dealer sold service instead of wood, he would tend to your furnace and your range, take away the ashes and clean the flues. You would buy so much heat.

Now you buy so much light, although you pay according to the current you consume. But the service is performed for you by this company at the substations and power plants.

That is what we want to give you—efficient service. It is the aim of this company to have none but satisfied customers. No matter what it is, if you have a grievance, or are dissatisfied about your bill or do not understand our rates, please come in and see us or write us about it.

If you have any suggestions to make, we will gladly avail ourselves of them as our aim is constantly to improve our service to you as fast as the development of science and human ability permit.
