

SALTS FINE FOR ACHING KIDNEYS

We Eat too Much Meat Which Clogs Kidneys, Then the Back Hurts

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

COST PLUS PLAN FAVORED BY KAS. GRAIN GROWERS

WICHITA, Kan., Jan. 10.—A financial plan to "control and market wheat at a price based on cost of production plus a fair profit" will be worked out at a national convention of the wheat growers association of America early in the spring. It is announced by W. H. McGreevy, secretary-treasurer.

Organization of the association, the membership of which exceeds 100,000 according to Mr. McGreevy, will be completed in the early months of 1921 in the wheat producing states of the middle west, he declared. He included Minnesota, North and South Dakota, Nebraska, Kansas, Oklahoma, Texas and parts of Colorado and Montana.

"The financial plan to be adopted is one that will enable the wheat grower, who requires money to carry him over the period while he is waiting for suitable marketing conditions, to borrow money on his wheat at a reasonable rate of interest," said Mr. McGreevy.

"The pooling plan of holding our wheat requires the wheat grower to sign agreements which are binding and effective, where he agrees to market no wheat until the price of our association, based on cost plus a fair profit, is received.

The wheat grown by the members

of the association shall be marketed gradually and uniformly throughout the year as the flour mills and the exporters may require to supply the legitimate demands for trade.

"That no injustice may occur to the wheat growers, while holding their wheat to be marketed under this plan, a storage price that will be fair and just will be allowed to the wheat grower for each month he is required to hold his wheat for proper marketing conditions. This storage price will enable the wheat growers to deliver their wheat uniformly to market throughout the year without discrimination and injustice to any one of them.

"In answer to the question sometimes asked as to the meaning of the words on our membership cards where a member signing agrees "To abide by the regulations adopted by such organization for the purpose of regulating and marketing the price of our wheat after 1919," I would say that this obligation of our membership is necessary to a uniform and concerted action by it to accomplish the objects of our association.

"All rules and regulations are adopted by our membership either in national convention or by committees so authorized by it; so that all obligations of our membership are of its own choosing and are not at any time arbitrarily forced upon it."

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream. —Adv.

PORTLAND WOMAN GAINS 15 POUNDS

MRS. A. J. TURNER SAYS IT IS WONDERFUL THE WAY TAN-LAC BUILT HER UP.

"It is simply wonderful the way Tanlac has built me up, for I not only feel fine but have gained 15 pounds in weight," declared Mrs. A. J. Turner, of 129 1/2 Russell street, Portland, Ore.

"Before taking Tanlac I had no appetite to speak of and what little I did eat didn't digest properly. I was so nervous the least little unusual noise would startle me, and I was so restless and worried about myself that I couldn't sleep at night. In this weakened and run-down condition I caught cold very easily, no sooner getting rid of one than I caught another. I had been suffering in this way for eight months, following an operation and an illness of several years. Not one of the many medicines I took did me the least bit of good and I was mighty badly discouraged.

"But it is a fact I commenced to get better before I finished half of the first bottle of Tanlac. My appetite improved and I picked right up

in weight and strength. I have just finished my third bottle and feel fine and, as I said before, I have actually gained 15 pounds in weight. I am no longer nervous and I sleep like a child every night. Tanlac certainly built me up and I will always recommend it, and I hope my statement will help others to get the same relief from use of this grand medicine that I did."

Tanlac is sold in Klamath Falls by Star Drug Co., in Lorella by James Merc. Co. and in Merrill by Southern Oregon Drug Co.—Adv.

How many miles did you march the summer Cleveland was nominated

REMEMBER the time the first automobile parade was organized? Even the good old torchlight procession had to give way before the advance of progress.

Tires are often sold the same way politics are.

The last people to wake up to what they are getting are the people who pay the bills.

The bills are getting too big these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a moderate-price car.

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.

He needs it *more than anyone else*. It's part of our job, as we view it, to see that he gets it.

Our tire service starts with good tires—U. S. Tires. All sizes made to a single standard of quality—none graded down to the price of the car they will go on.

U. S. perfected the first straight side automobile tire—the first pneumatic truck tire.

The U. S. guarantee is for the life of the tire, and not for a limited mileage.

When we recommend and sell U. S. Tires we do so in the interest of greater tire economy. It is our experience that that is the best way to build up a sound and sizable business.

United States Tires

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.
