THE LIBERTY

Can Edythe Sterling ride? Ask any man who has been matched against her in a race. Beyond any doubt she is the finest equestrienne expert recruited to the screen.

A bona fide combat between a pair of prize Mexican gamecocks, veterans of a hundred spirited pit fights, credited with scores of killings and valued at \$1000 each, is a feature of J. Warren Kerrigan's latest Brunton production.

The major portion of this picture filmed in the typical Mexican village of La Jolla, 40 miles below the border in Lower California.

After the tremendous success scored by Eddie Lyons and Lee Moran in their first Universal comedy feature, "Everything But the Truth," every theatregoer is looking forward to their next production, "La La Lucille," which will be shown at the Liberty theatre Friday.

THE STAR

"Milestones" as a play, was hailed by press and public as the most original contribution to the drama of the present theatrical decade.

The picture, presented with scrupulous attention to detail and a lavishness impossible to the stage, is going to register an even greater impression upon the vast photoplay public of America.

The story of "Milestones" traces the family fortunes of the Rheads and Sibleys through three generations, depicting the modes and man-

ners of the different periods with indescribable charm.

"Milestones" has romance, sweet as the odor of lilacs. It has humor, pathos, drama—and above all, it has a story that will appeal to all people, of all ages, anywhere.

Critics have placed Maurice Tourneur's new picture, "The Last of the Mohicans," by J. Felmore Cooper, in a new category of film productions. It is called a permanent photoplay classic, which means that it will live when the ordinary entertainment film has passed on.

BRING QUILTS TO DARKEN WINDOWS AT "MOVIE" SHOW

When residents in some sections of Mississippi attend a motion-picture show they carry quilts with them to darken the windows. This unique form of co-operation is employed in the exhibitions of motion pictures furnished by the United States department of agriculture.

The circular also takes into account the unimproved roads of many of the back-country communities and carries a warning that "if rains get the roads in such shape that we can not get to you on the date announced, we will try to get to you later."
