**Cold Weather Brings Need of Good Oil**

"With cold weather again upon us it is necessary to warn motorists about their engine oil," said G. A. Halliwell of the Standard Oil company, recently.

"An oil that gives satisfaction during the heat of summer will not necessarily give the same satisfaction when the temperature is 10 degrees above zero. A poor cold test oil will not splash properly or even flow freely in cold weather, but it congeals or thickens excessively. Then it becomes necessary to run the engine without sufficient lubrication for a time in order to warm up the oil so it will flow and splash. Of course, this period of running the engine without oil on the cylinder walls and other bearing surfaces make for excessive wear and sometimes seriously damages those engine parts.

"Zerolene Medium is a high quality lubricating oil having a Zero Cold Test. That is, it will flow freely and splash properly in any temperature down to zero. It is correctly refined from selected California crude oil and gives correct lubrication in winter to all engine parts—from the very first turn of the engine."

**A SPLENDID POLICY**  
 If you were offered a life insurance policy that did not absorb any part of your premium, in a company that was safe and sound, it is not likely that you would refuse it. In fact the agent offering such a policy would be swamped with business. Well, that is practically what W. A. Bullock, of this city is doing. He is selling a policy in the Occidental Life Insurance Co. of Los Angeles, Calif., that does this very thing. Here is how it is done:

He will write you a policy on the 20 year endowment plan guaranteeing you that in the event of death to return all deposits made by you in addition to the full face of your policy.

Should you become totally disabled from sickness or accident, the company have made special provision whereby you will have no further payments to make and will pay \$10 per month on each thousand dollars of insurance you carry which is not deducted from your policy at death. Besides, your policy matures the same as though you had made the payments yourself.

This is one of the best policies ever offered by any legal reserve company and has other special features just as remarkable as those outlined above. Before you buy that insurance you are thinking about. If you will call Mr. Bullock, 43-W or drop a card to 1405 Oregon Ave. He will be mighty glad to tell you all about it.—Adv.
