Great Pianist Plays Knabe Piano; Thinks It One of the Best

Through the efforts of the Musical Study club the people of Klamath will be privileged to hear Leopold Godowsky, one of the few really great pianists of the day on evening of January 27th at the Scandinavian hall.

Earl Shepherd, local music merchant, and exclusive agent for the Knabe piano is all smiles as Godowsky has always played this instrument considering it one of the world's best.

Gedowsky comes here under a straight price guarantee and in order that the many people who have never had the opportunity of hearing a world famous pianist may attend the admittance is placed at a dollar and a half instead of two fifty which was charged at the Portland concert a few days ago.

Japan's Tone Takes On Arogant Note

TOKIO, Jan. 19.—Only when the American-British agreement for a naval holiday is reached, can Japan be in a position to consider any proposal to curtail her naval program, said Marquis Okuma, former premier, in an interview. "Japan's naval program is fixed at the minimum necessary for national defense."

The newspaper Kokumin Shimbun says that the American government is giving undue importance to the incident arising from the death of Lieutenant Langdon. "If, as believed," the newspaper continues, "America goes as far as to bring up Japan's policy in Siberia, including the question of evacuation of that country by Japanese troops, it is likely to give fresh cause for the discussion that has arisen between the two governments."

At The Movies

STAR

You undoubtedly remember those two good pictures, "23 1/2 Hours Leave" and "What's Your Husband Doing?" starring the two young favorites, Douglas MacLean and Doris May. They are at the Star tonight in their latest success, "Let's Be Fashionable," and you'll enjoy this one. Fatty Arbuckle follows right along with them in his usual good manner in "Out West," and we are also showing the Fifth Episode of "The Lost City." Really some show.

You have a treat in store. We have booked the latest J. Parker Read Jr. production, "His Own Law," starring that remarkable actor Hobart Bosworth, for presentation at the Star theater for two days, commencing Thursday. It is one of the supreme motion pictures of the year. Built upon a plot that has withstood the tests of the most exacting critics, and won praise from the most hardened of them, "His Own Law" breaks away from the ranks of usual motion picture as Shakespearean drama ranks ahead of modern plays. Every element that appeals to human emotions has been perfectly blended in the enacting of a film that grips, even hurts, in places, so powerful are its situations. It is the story of one man's sacrifice for his friend; a really great love story built about the lives of two strong characters. You must not miss "His Own Law."
