

GETS BIG JOB

Dr. Nora E. Dowell

Dr. Nora E. Dowell has been appointed assistant geologist, of the U. S. geological survey—the first woman to hold such an office. Few women in the government hold jobs as big.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

Styles and Price
Just how they figure prices on the ladies' skirts stumps me. When long and wide and shaped like this they're cheap as cheap can be. It used to seem the coin you'd spend you would hardly even miss.

But now they cost four times as much—although they look like this!

So, What's the Use!

Weep, and you're called a baby. Laugh, and you're called a fool. Yield, and you're called a coward. Stand, and you're called a mule. Smile, and they'll call you silly. Frown, and they'll call you gruff.

Put on a front like a millionaire And some one'll call your bluff.

When Men Wed Stenographers
Then again it may be that men marry their stenographers because the latter leave out a word now and then.

Many who send Christmas cigars certainly know the ropes.

Harry Poole was heard to make the following remark in the Square Deal drug store yesterday: "And to think what a damfole I was four years ago to go two or three days without taking a drink, and now I have to go all the time without one."

We understand that Doc Powell has plans underway to establish a hook worm farm in Klamath Falls.

Many a small auto represents a big mortgage.

A goose is supposed to have about the least intelligence of any living creature. This is from statistics compiled for the Office Cat by A. L. Wisard. But we have never heard of a goose arguing politics on a street car.

We may be crazy on the women subject—but facts are facts—The only secrets between some women are what they really think of each other.

No False Hair
Man's life is full of trouble. It is, in fact, and on the square. But still we don't, when dressing. Need ask: "Where is my hair?"

We have it on reliable authority that a convalescent patient residing our near Dairy wrote the following testimonial letter to a Klamath Falls doctor:

Dear Doctor:
Your tablets have done me a whole lot of good. I will never hesitate to recommend them to any person and etc.

Naturally, the good physician was filled with a sense of undue elation as he read the testimonial.

However, he did not know that the patient had punched holes in the said tablets and sewed them on his trousers for buttons, instead of taking them according to directions.

Another Pome
The folks who would rend
The nerves of a saint
Are those who pretend
T' be something they ain't.

The man who first rolled Christmas gift cigars must have died long ago but his dreadful work goes on.

"A baby walrus," we read in an exchange, "will eat 50 pounds of codfish a day." Causing us to wonder what the baby walrus's dad works at and how much he earns.

Love Cools in Three Months

Three months sufficed to cool the romance of Miss Trina Hannenberg, choir girl, and the Rev. Cornelius Dansel of Passaic, N. J. In November Rev. Dansel abandoned his wife and children and eloped with Trina. In December they returned to their homes and pleaded forgiveness. And now, in January, Trina sus the former pastor for \$25,000, charging breach of promise.

SHASTA VIEW NOTES

James Ottoman returned to Corvallis with his brother Frank to attend school. Most of our Bohemian boys and girls are hustlers, and want an education, and the parents often deny themselves to help them get it.

Byrum Myers returned from the rabbit drive with Cecil Hunt and David Myers came with Lester and Earl Wilson to spend Sunday.

Mrs. O. F. Glick and children are visiting her parents at Ashland for a few weeks.

Amos Book came over the mountains in his "Dort" from Tulare, Cal., last week. Amos believes this country is a better place to live than "Sunny Cal."

G. W. Myers and wife, Mrs. A. Turner and Beth and Eliza Kirkpatrick were Sunday guests at H. E. Wilson's.

While O. F. Glick was cutting wood recently the axe glanced, cutting one finger nearly off. Mr. Crandall took him to a doctor at Merrill, who dressed the wound. It was so serious that it will likely be some time before he can use his hand.

Miss Emma Kasper, our primary teacher, Eva Myers and Paula Kasper were guests at J. L. Bailey's Thursday evening.

We are told that the rabbit drive Saturday below Malin called out quite a few people and disposed of over a hundred rabbits. These drives used to prove very successful, but this is the first one in this section for a long time.

The ladies of the Helping Hand society met with Mrs. Wm. Freer

Wednesday, with eleven present. They tied two comforts which they presented to the primary and intermediate teachers, who are "baching." The young ladies report that they are loth to arise in time to get to school since such warmth is added to their needs. The next meeting will be at Mrs. O. E. Hunt's home on Wednesday, January 26th.

Since the roads have been so bad our high school teacher, Mrs. West, is staying near the school. Her little daughter is with her.

Most of our ranchers are improving the sleighing by getting a good supply of wood on hand.

At the election Tuesday of the Shasta View Irrigation district, O. E. Hunt was re-elected director.

HUNDRED PERISH IN MEXICAN CLOUDBURST

MEXICO CITY, Jan. 19.—More than one hundred persons were drowned and two hundred were injured when two dams above Pachuca broke yesterday and the released flood swept the lower section of that big mining town. One thousand persons are homeless.

ATHLETES ON DIET

MOSCO, Idaho, Jan. 20.—Aspirants to positions on the University of Idaho basket ball team are being served grub at the varsity training table. "I have always been a firm believer in the training table principle," said Athletic Director Thomas Kelly. "I am very sure that these basketcoers of ours will thrive on their special meals."
