

**Why Not Put Local Hot Springs to Work**

SALT LAKE CITY, Utah, Jan. 21.—A solution of the problem of keeping streets clean following a snow-storm when the snow becomes caked and slippery has been made here with the use of hot sulphur water.

The water is brought into the city from Warm Springs by the tanks used in the summer to sprinkle down the dust. It is then flushed over the slippery roads and within a few minutes the caked snow and ice is melted with rivulets of the melted material flowing into the gutters.

The experiments was tried by the city street department, five flushers being used in the work on the Main streets of the city. It was stated that the experiment had proved an undisputed success.

There are more divorces in the United States than in all other Christian countries of the world combined.

**SULPHUR IS BEST TO CLEAR UP UGLY BROKEN OUT SKIN**

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.—Adv.

**Work and You Work Alone**  
(New York Sun)

Strike and the world strikes with you, work and you work alone; our souls are ablaze with a bolshevik craze, the wildest that ever was known. Groan and there'll be a chorus, smile and you make no hit; for we've grown long hair and we preach despair, and show you a daily fit. Spend and the gang will cheer you, save and you have no friends; for we throw our bucks to birds and ducks and borrow from all who'll lend. Knock, and you'll be a winner, boost and you'll be a frost; for the old sane ways of the pre-war days are now from the program lost. Strike and the world strikes with you, work and you work alone; for we'd rather yell and raise blue hell than strive for an honest bone. Rant and you are a leader, toil and you are a nut; 'twas a bitter day when we pulled away from the old-time work-day rut. Wait and there'll be a blow-up, watch and you'll see a slump, and the fads and crimes of these crazy times will go to the nation's dump.

**WRAP OF JET AND TINSEL EASILY MADE**

Tinsel and jets are a favored combination this winter. A width each of the tinsel and the jet, as shown above, which comes half to three-quarters of a yard wide, are sewed together the full length of the back and front. Then the two pieces thus made are sewed up the full length required for the back of the wrap and left open for the fronts which are trimmed with a band of seal. A jet cord gathers the surplus fullness over the arms and is finished with jet balls.

**A SPLENDID POLICY**

If you were offered a life insurance policy that did not absorb any part of your premium, in a company that was safe and sound, it is not likely that you would refuse it. In fact the agent offering such a policy would be swamped with business. Well, that is practically what W. A. Bullock, of this city is doing. He is selling a policy in the Occidental Life Insurance Co. of Los Angeles, Calif., that does this very thing. Here is how it is done:

He will write you a policy on the 20 year endowment plan guaranteeing you that in the event of death to return all deposits made by you in addition to the full face of your policy.

Should you become totally disabled from sickness or accident, the company have made special provision whereby you will have no further payments to make and will pay \$10 per month on each thousand dollars of insurance you carry which is not deducted from your policy at death. Besides, your policy matures the same as though you had made the payments yourself.

This is one of the best policies ever offered by any legal reserve company and has other special features just as remarkable as those outlined above. Before you buy that insurance you are thinking about. If you will call Mr. Bullock, 43-W or drop a card to 1465 Oregon Ave. He will be mighty glad to tell you all about it.—Adv.
