

MANY FINED FOR BREACH OF PROHIBITION LAW

SPOKANE, Wash., Jan. 21.—During 1920 approximately \$19,000 was paid in city court here by still operators, liquor peddlers and drinkers of intoxicants, according to figures compiled by the clerk of the court. Of this amount \$9,500 has been forwarded to the state for school purposes and \$9,500 put to the credit of the city and county dry squad. Practically all of the liquor cases in Spokane during the year were tried in city court.

Let Us Do Your Collecting

A number of business houses are saving the time of their bookkeepers and individual collectors by letting us collect their monthly bills. It is the modern method. It cuts down your overhead. Get your bills ready and we will do the rest.

SUMMONS
Equity No. 1284

IN THE CIRCUIT COURT OF THE STATE OF OREGON, FOR KLAMATH COUNTY.

G. L. Holbrook, Plaintiff, vs. Fannie A. Paddock and J. E. Paddock, her husband; Ben W. Olcott, Governor; Sam A. Koser, Secretary of State; and O. P. Hoff, State Treasurer; constituting the State Land Board of the State of Oregon, First State & Savings Bank, a corporation; B. Mechan and W. H. Linn, Defendants. To Fannie A. Paddock and J. E. Paddock, her husband; Ben W. Olcott, Governor; Sam A. Koser, Secretary of State; and O. P. Hoff, State Treasurer; constituting the State Land Board of the State of Oregon, First State & Savings Bank, a corporation, E. Mechan and W. H. Linn, the above named defendants.

IN THE NAME OF THE STATE OF OREGON:

You are hereby required to appear and answer the complaint filed against you in the above entitled suit on or before the 4th day of February, 1921, that being the last day of the time prescribed in the order of publication of summons herein; and if you fail so to appear, plead, answer, demur, or otherwise move herein, within said time, for want thereof, plaintiff will apply for the relief prayed for in his complaint herein, as follows, to-wit:

That he be given judgment and decree against the defendants and each and all of them for the foreclosure of the mortgage mentioned in the complaint in this cause, and recorded in book 14, Records of Mortgages of Klamath County, Oregon, at page 584 thereof, which said mortgage was given by the defendants, Fannie A. Paddock and J. E. Paddock to secure the payment of two promissory notes, dated December 1st, 1913, one in the amount of \$1500 and the other in the amount of \$1884.00, and due December 1st, 1914 and December 1st, 1915, respectively, and bearing 8% interest per annum from date. That he recover of and from the defendants the sum of \$1385.68, together with interest thereon from October 13, 1920, at the rate of 8% per annum; for the sum of \$150, as attorney's fees herein, together with plaintiff's costs and disbursements and accruing costs. That the liens claimed by the defendants and each of them upon said mortgaged premises be declared subsequent in time and inferior in right to the mortgage of the plaintiff, except the lien of the State Land Board of the State of Oregon, which is hereby conceded to be superior thereto; that the lien of plaintiff's said mortgage be declared a first, prior and superior lien to all other liens against said property, except said State Land Board's mortgage. That the usual decree of sale be made by the Court for the sale of said mortgaged premises, except the personal property mentioned in said mortgage. That said sale be made by the sheriff of Klamath County, according to law. That the proceeds of said sale be applied, first, toward the payment of the costs and expenses of this suit and of said sale.

Second, in the payment of the plaintiff's judgment and decree herein, including said attorney's fees;

Third, in the payment of whatever legal liens may exist against the said property, as shown by the pleadings and proofs in this cause; and that all persons claiming said lands by lien or proceedings subsequent to the execution of plaintiff's said mortgage be barred and foreclosed of all right claim or equity of redemption in and to said premises; and that plaintiff have such other and further relief as to equity may appear.

This summons is served upon the said defendants by the publication thereof in The Evening Herald, a newspaper published of general circulation in Klamath County and the State of Oregon once a week for six successive weeks. The first publication thereof, being made December 24, 1920; and the last publication February 4, 1921; by order of the Honorable D. V. Kuykendall, Judge of the above entitled Court, which said order was made, entered and filed in the said court and cause, December 23, 1920.

J. H. CARNAHAN,
Attorney for Plaintiff.

PUBLIC SERVICE MUST BE FRANK SAYS ADVISER

INDIANAPOLIS, Jan. 20.—"Be frank and advertise," was the advice given public utility companies by P. H. Gadsden of Philadelphia, president of the American Electric Railway association, at a meeting of the Indiana Public Utilities association. By this method, Mr. Gadsden said, public understanding of utility problems can best be obtained and necessary rate adjustments and credit restoration hastened.

"It is absolutely necessary," he said, "if public utilities are to continue to function that they create a flow of new capital into their securities. The answer to this whole problem is the granting of rates to public utility companies which will insure a return to the security holders that will induce them to invest. Nothing less than this sort of an arrangement will save the utilities from ruin."

"Adjustment of public utility rates to a basis that will attract new money into the field will be hastened by a thorough public understanding of the public utility problems."

"The best way to bring about that understanding is to be frank and advertise."

"Frankness must go hand in hand with advertising else advertising fails. Therefore, be prepared, when you begin presenting your story to the public, to tell the whole truth about your business to everyone. As the only customer of the public utilities, the public is entitled to know all about their business and any public utility which cannot stand the searchlight of honest public inquiry cannot hope to obtain help through favorable public sentiment. Put your house in such order that you will fear the questions of no man."

"Advertise by every possible channel and hit the line hard. Tell your story everywhere that there is blank space which you can fill."

"Make it plain that the public utility problem is the problem of every man, woman and child who uses your service. Strive by frank statement to convince consumers that you are trying to do the best thing for their general good and that it is in their own interest, if nothing else, that they should enlist themselves in your cause. The way to accomplish this result is not to make the mere statement that it is your intention to give good service, or to submit to the public, a large indigestible volume of statistics and then sit down and wait for the millennium. The thing to do is to explain your situation in understandable terms to just as many folks as possible. If you have a good case and will tell the whole truth about your situation in a simple and convincing manner and give it deserving circulation through the best available advertising medium you are certain to rally the public to your support."

"Every man desires good electric railway, gas, light, telephone and telegraph service, and he will help you give it to him if you can show him that his help is needed to accomplish this desirable end."

DRUNKENNESS GROWS

GREAT FALLS, Mont., Jan. 21.—During 1920, the second year of prohibition in Montana, drunkenness in this city increased approximately 41 per cent over 1919, the first "dry" year, according to police records. General police arrests also increased during 1920, but applications for free lodging in the jails fell off sharply.

Tell 'Em by Their Hats

In some countries you can tell a man's occupation a block away—by his hat. The gentleman with the plumes is head janitor of the city hall at Rome, Italy. The other hat is that of a Chinese priest.

British Soldiers Search Irish in Cork

This is a common occurrence in Cork, Ireland. British soldiers are shown searching Irish pedestrians in the streets. They are hunting for weapons and seditious literature.

ITALY COMPELS CULTIVATION OF IDLE LANDS

OSTIA, Italy, Jan. 21.—Efforts are being made to reclaim and plant parts of the vast tract of land which stretches for several miles around Rome and goes by the name of the "Campagna Romana." It has been allowed to remain idle and uncultivated ever since the fall of the Roman Empire.

Before that time it was a sort of terrestrial paradise; villas and gardens were dotted all over it as far as the eye could see, it was luxuriant with fruits and flowers, it supplied food and work for thousands upon thousands of men, it was one of the most beautiful and intensively cultivated spots in the world.

When Rome, however, was obliged to resign her position as "the mistress of the world," the "campagna" was abandoned and gradually became a marshy, malaria-infected desert, inhabited only by a few hardy shepherds.

Now, however, the law which was recently passed, decreeing that anyone who does not cultivate his land to the utmost of its capacity is liable to have the land confiscated, is beginning to have its effects. Prince Aldobrandini has engaged a company to reclaim a huge estate of several thousands of acres, which he owns in the "campagna."

The work has already begun and an experimental station has been set up at Ostia. The land was first of all drained and then arrangements were made to obtain water from the Tiber for irrigation. Electric tractors to draw the ploughs were then bought and various kinds of fruits, vegetables and cereals cultivated in order to find out how fertile the land is and what kind of crop it is most adapted for.

The results beyond the wildest hopes of any of the promoters of the company. The land, after lying idle for centuries, seems to have stored up its fertility throughout all that time and now yields crop upon crop with unstinting hand.

An attempt has even been made to grow cotton here and the experiment has been successful, but how successful it has been impossible to determine, as the cotton used was of the worst quality obtainable. This year, however, it is proposed to plant American or Egyptian cotton.

So happy have the results at the experimental station been, that it is hoped that soon work may be begun for the total reclaiming of the whole of the "campagna."

The whale can jump out of the water to a height of 25 feet with the greatest ease.

Divorced Persons Should Show Cause Declares Preachers

ALBUQUERQUE, N. M., Jan. 21.—Albuquerque ministers, if they have their way, will know more about the folks they marry, particularly as to whether they have been divorced. They are going to ask the 1921 session of the state legislature to pass a law requiring all applicants for marriage licenses to fill out a "questionnaire" showing what experience, if any, they have had on the matrimonial sea.

The Rev. C. O. Beckman, an officer of the ministerial alliance, which is backing the move, stated that quite frequently couples present themselves to a minister and for all he may know, one or both may have been recently divorced or divorced on what the churches are generally coming to consider "trivial" grounds.

Under the proposed law, persons applying for marriage licenses would be required to state whether they have been divorced and give the date and place where the decree was issued.

"Of course, we realize that the result of our refusal would not prevent persons from being married," Dr. Beckman added, "but it is not a question of whether ministers or justices of the peace perform the ceremonies, but whether the ministers are to have legal means of getting information which they must have to know whether they can conscientiously perform the marriage."

START WAR ON SCRUB SIRENS

At a combined meeting of the Rhode Island Ayrbire association and the Rhode Island Holstein-Friesian club, interest in tuberculosis eradication and the "Purebred Sire" campaign received special attention. The two clubs discussed plans for cleaning up tuberculosis and planned

to do their utmost to eliminate every scrub sire in Rhode Island.—Dept. of Agriculture Weekly News Letter.

WEATHER RECORD

Hereafter The Herald will publish the mean and maximum temperatures and precipitation record as taken by the U. S. Reclamation service station. Publication will cover the day previous to the paper's issue, up to 5 o'clock of the day.

WASHINGTON'S BONUS FUND IS \$18,000,000

OLYMPIA, Wash., Jan. 21.—Washington state bonus to soldiers of the world war, voted at the November election, will cost \$18,000,000, James H. Davis, chairman of the appropriation committee of the lower house of the state legislature, announced recently. When the bill was originally drawn it was estimated that \$11,000,000 would be required. Mr. Davis said that the heavy requirements of the bonus bill will make it necessary to cut all state appropriations as sharply as possible.

The city of Cleveland boasts of 35,000 club women.

Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.—Adv.

Scientists are agreed that walnuts are not only a substantial article of food, but that they are an excellent substitute for meat. They contain far less water than do potatoes, beefsteak, or wheat flour, while the percentage of protein and fat is far in excess.

Woman in Turkey, by a new law, are not allowed to be seen in public with a man.

WASHINGTON BRIDE

MRS. JOHN C. WALKER

One of the prettiest weddings of the season in Washington was that of Miss Helen Claxton, daughter of the U. S. commissioner of education, and John C. Walker.

Everybody Is or Should Be Talking of Building, Now---

"Let HER dream of a new home come true this year! Start planning now, so that as soon as the weather permits you can get the work under way, and have the new home completed in time to plant the flowers and garden."

The days of "high cost of lumber" are past. Recent price readjustments, covering a number of months, have brought lumber prices back "to earth." In fact, Lumber was the first of all great living commodities to come back to anywhere near a normal basis.

EASY TO BUILD—Made So by "Big Basin" Service

We have established a reputation in this community as an authority on lumber and its products, and how to use them. Years of experience in the building and material business, and a special study of the different kinds of wood, enable us to give you practical advice as to the varieties and grades of material best suited for each particular purpose. Our experience saves you money and mistakes. We take a personal interest in your building problems, helping you plan the arrangements and construction, making estimates, securing competent workmen, and helping you in every way we can.

That this service is appreciated is evidenced by our growing list of Satisfied Customers, who insist on telling their neighbors and friends about us, intimating that the "BIG BASIN" is a good place to go when buying lumber.
