MUNICIPAL PAVING PLANT IS CHEAPEST.

PORLTAND, Jan. 31.—Portland's municipally owned paving plant bid in open competition with contractors on nineteen major projects in the city in 1920 and won them all according to the annual report on the plant made to the council. The difference between the lowest private bid for one job and the price for which the city plant completed the job was reported to total \$68,419.

In addition to putting down pavement at record low cost, the report said, the plant paid its own operating expenses and turned into the city general fund a profit of \$11,824, available for public use. A total of 156,875 square yards of pavement was put down during the year, and in addition 2542 patches were put on old pavements.

A Franklin, Indiana, bridegroom who collapsed in church during the wedding ceremony has our sympathy. No man has the stamina to go thru with a church wedding, although every woman has. A church full of people, and the regular organist in her new tricotine dress fiddling with the keys, and the preacher in his Prince Albert, and the hush, and the flowers and the light through stained glass windows—no wonder the poor feller keeled over. In the movies they do it, but not in real life. There's a statute against cruel and unusual punishment.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre At Once

Common garden sage, brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as Wyeth's Sage and Sulphur Compound, thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger.—Adv.

REDWOOD GROVE IS
MEMORIAL TO HERO

SAN FRANCISCO, Feb. 1.—One of California's groves of big redwoods was dedicated recently as a memorial to Colonel Raynal C. Bolling, said to be the first American officer of high rank to lose his life in the world war. The grove is on the Eel river, 50 miles from Eureka.

Dr. J. C. Phillips, of Wenham, Mass., Colonel Bolling's brother-in-law, purchased the grove for the memorial and will present the deed to the California Save the Redwoods league. A memorial tablet will be placed near the entrance.

Before the war Colonel Bolling was general solicitor for the United States steel corporation.

Shorty runs into "Snapper" Teebo!

Dear PETEY:

Checked up our old dormitory pal "Snapper" Teebo this morning waiting on an appointment down Peachtree St. "Snap" wanted to know a bookfull about my visit to the Camel factories. "Tell us old apple seed," says "Snapper", "you're on the inside!" "Snap" still has that mighty annoying way of saying, "But that doesn't surprise me."

Anyhow—when I explained about the millions of Camel R. J. Reynolds Tobacco Co. made daily what does the old bird sputter but: "Why, Shorty, they'd have to make that many to supply the demand! Camels have the quality smokers want! And, they have the most wonderful mellow mild body and the most refreshing flavor ever created in a cigarette! Of course they make Camels by millions; of course they buy enough revenue stamps from Uncle Sam every day to build a duplicate of the Winston-Salem post office! Why not? Smokers everywhere will have Camels!"

But, "Snap" finally got to spilling some real nobby Camel selling stuff! "Shorty," says he, "I want to put it on record that in all the times I've pulled Camels out of my pocket to supply somebody's shortage I've heard enough good things said about 'em to fill a volume! That's my brand"; 'Camels are a wonderful cigarette'. 'Like getting money from home,' etc.

"And, Shorty, what's the answer? Why—Camels blend of choice Turkish and choice Domestic tobaccos meets the universal taste! And that's the 'hole' story, old golf ball!"

Pete, you pet phonograph, did you ever hear a better record?

Sincerely,

Shorty
