THE GLORY OF LIFE

By William E. Barton

There are voices reminding us that life is sordid and hopeless. There are those people who have a passion for turning life wrong side out and showing us how seamy it is.

I wonder if the school of writers who find life so contemptible may not manifest a reaction from that smug self-satisfaction which was itself a reaction from a nearly hypocritical self-depreciation once familiar.

Something needs to be said about the rest of us, and all of us. We need to be reminded that we are not as good as we ought to be.

Formula for Computing Income Tax (Author Unknown)

Nate Otterbein has been lying awake of recent nights worrying about his income tax.

In the first place it must be worked out by algebra, trigonometry, and palmistry; and should not be undertaken till competent authority certifies your ability to prove that anyone producing nothing during the taxable period has an excess he would not otherwise have possessed.

If your income is \$2400 a year and you own a ton of coal or a diamond ring and an automobile, and are married to a brunette girl not over 26 years old, take the amount of the income, add your personal property, subtract your street number, multiply by your height, add the date of your birth and divide by your waist measure.

Purely Sentimental

Children are the flowers of the world. If you find a small lily blossoming in the mire, lift it to the light. It will bloom with glory in your soul.

Friendship as between two men is a thing of wonder. It knows no selfishness and invites sacrifice. Few women attain to it.

The true index of a man is his attitude toward women. In dealing with the frailest of these, if he remembers that his mother was a woman he will bear himself as a gentleman.

Loyalty is merely being true to yourself. If you betray a friend you may be sure that some day you will betray your own soul.

Generosity is a lovable fault and parsimony is a detestable virtue. If you can live to the approval of your own conscience, you need fear no other criticism.

Al Graham says that income taxpayers are divided into four classes. We differ with him. They are all in one class—Fish.

A SPLENDID POLICY.

If you were offered a life insurance policy that did not absorb any part of your premium, in a company that was safe and sound, it is not likely that you would refuse it. In fact the agent offering such a policy would be swamped with business. Well, that is practically what W. A. Bullock, of this city is doing. He is selling a policy in the Occidental Life Insurance Co. of Los Angeles, Calif., that does this very thing. Here is how it is done:

He will write you a policy on the 20 year endowment plan guaranteeing you that in the event of death to return all deposits made by you in addition to the full face of your policy.

Should you become totally disabled from sickness or accident, the company have made special provision whereby you will have no further payments to make and will pay \$10 per month on each thousand dollars of insurance you carry which is not deducted from your policy at death. Besides, your policy matures the same as though you had made the payments yourself.

This is one of the best policies ever offered by any legal reserve company and has other special features just as remarkable as those outlined above. Before you buy that insurance you are thinking about. If you will call Mr. Bullock, 43-W or drop a car to 1405 Oregon Ave. He will be mighty glad to tell you all about it.—Adv.

The Aspirin Situation

Don't Be Deceived

by Aspirin advertisements being run by those who seek to discredit all Aspirin Tablets except those made by them.

The Facts Are

that we regularly handle large quantities of Aspirin U. D. Co. Tablets that we know are Pure and Genuine and full strength. They are rigidly tested by first-class chemists, and are put out by a firm of the very highest standing, the United Drug Company of Boston. We, as Retail Druggists, are their exclusive agents in Klamath Falls.

The Aspirin patent expired in 1917, and anyone can now make Aspirin and sell it under that name.

Aspirin U. D. Co. Tablets are put up in packages of 12's, 24's and 100's. The price is moderate, for there is no profiteering in United Drug Company business methods.
