

GRAIN GROWERS ORGANIZATION WATER TIGHT

OREGON AGRICULTURAL COLLEGE, Corvallis, Feb. 19.—The Oregon Cooperative Grain Growers' organization was made statewide since, wheat is produced in nearly every county, explains Dr. Hector Macpherson, head of the bureau of markets at the state college. Its marketing agreement and its membership limited to owners and renters of land on which wheat is grown, are pointed out as strong features.

"The marketing agreement has raised the cooperative movement to a position of stability that commands the respect of the most hard-headed business men," Dr. Macpherson declares. "It has taken the cooperative idea from a position in which it was a by-word signifying all that is uncertain and inefficient, and has raised it to a status that makes private

Found—The Perfect Trigger Finger

BIRMINGHAM, Ala., Feb. 18.—The most perfect trigger finger in the world belongs to T. K. Lee of Birmingham. He's the best all around shot of them all.

Squeezing the trigger at the right time is his secret for hitting the bull's-eye.

Lee shoots one firearm just about as well as another. With the small bore rifle he holds 12 world's records, 14 with the pistol and revolver.

Here's how he hits 'em. From 1913 to 1920 inclusive he scored 17,003 out of 17,010 in indoor rifle shooting—the bull's-eye being only two-thirds the size of a dime. Firing distance is 75 feet.

Won revolver and pistol championships in 1919.

Set world's record with pistol in indoor shooting in 1915 and equaled it in 1919.

Won pocket revolver championship in 1920.

Some of his scores with the rifle: 1999 out of a possible 2000, 4599 out of 4600, 2209 perfect, and 999 out of 1000.

Lee is a fancy shot, too. In exhibition shooting at Birmingham he made the smallest group record with a 22 caliber rifle at 100 yards. He puts 10 shots so close together that a half dollar covered them all.

handling of farm produce look like a piker and a pigmy in comparison.

The weakness of former attempts are said to lie in the credulity and lack of enterprise of members. A few members would yield to tempting offers of private enterprises, which were thus able to take away the association business until the association went bankrupt.

The market contract is called iron clad and ties up every member to do his entire business through the association for a term of years. The costs of all legal action to enforce contract must be borne by the member seeking to break it.

"Wheat growers make up the membership, compose the board of directors, and control the management," says Dr. Macpherson. "This is as it should be. There is no rhyme or reason for admitting banker or duck farmers or berry growers into a wheat growers' marketing association."

Make Record Kill of Coyotes With Flivver

ANACONDA, Mont., Feb. 19.—Reeling the lowly coyote with a "flivver" has enabled three Scooby residents, Irving Davis, Tony Eggleston and Jim McIntyre, to make the record kill of this section of the state. So far this winter they have killed 56 of the animals, for the pelts of which the state pays bounty.

Their plan is simple but requires an expert driver. They climb into a machine with their dogs and hit across country until they sight a coyote. The chase is then on and the "flivver" travels up hills, through gullies, down and up cut banks and steep inclines until the coyote is tired. Then if a rifle shot fails to kill the dogs are turned loose to run the animal down.

FREE VACCINE

ROSEBURG, Feb. 19.—Forest Supervisor Ramsdell has been advised by Dr. Exline of the bureau of animal husbandry at Walla Walla that his office is now in a position to furnish supervisors with such quantities of black leg vaccine as they are likely to need. This vaccine will be distributed by the supervisor to any of the stockmen of the district who desire it, without cost, regardless of whether or not the stock is to be grazed within the forest boundaries.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys If Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy free; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

RHEUMATIC PAIN Rub it right out—Try this!

Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub the misery right away! Rub nothing, penetrating "St. Jacobs Oil" directly into the sore, stiff joints and muscles and relief comes instantly. "St. Jacobs Oil" conquers pain. It is a harmless rheumatism cure which never disappoints and does not blister.

Limber up! Quit complaining! Get a small trial bottle of old-time "St. Jacobs Oil" at any drug store and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief and a cure awaits you. Get it! "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.
