The Bachelor's Sale

A bachelor's sale was held today. I was the first one there. I dressed myself in colors gay, With roses in my hair.

The female world came trooping in Of every color and creed; Some young and fair, some old and grim, Some wealthy, some in need.

Cartloads of men of every sort Were gathered to the sale; Some tall and lank, some stout and short,

Some ruddy, some were pale. Some looked askance, some gazed about.

The cryer took his stand, The women were all attention now, Each wanted to buy a man. The cryer gathered on the man That nearest to him stood;

A cross old maid said wive him here, I'll make him do my will. Next came a fellow fat and fair, He filled a widow's bill.

The men were sold so fast that they had hardly time to think, No matter how old or blind or lame, They were gobbled up quick as a wink.

Each widow was there and old maid too Were joyous o'er their prize. Some men were happy, but they were few, But useless were their sighs.

Young men came next, the girls did bid, Each paid the price was told. Some bought but sorrow when she did,

But gave her youth and gold. I had been waiting for a man with a soul, Disappointed I walked away; They are too precious to be bought for gold, They'll never be bought that way.

At the Theaters

AT THE MONDALE

Music lovers of all ages were afforded a real treat at the Mondale last night when Ramsby and Stone presented a musical entertainment called "Cabaret de Luxe." Mr. Ramsby has spent years in European conservatories, and plays the violin in a remarkable fashion.

"Man's Country," a beautiful picture starring Alma Rubens deserves special mention. As Kate Carew, Miss Rubens played a trying part in an exceptionally creditable manner.

that he has secured 20 fine pictures featuring this star.

The same bill will be shown again tonight.

AT THE STAR

"Rebecca of Sunnybrook Farm" will be the attraction at the Star theater today. Marjorie Daw and Eugene O'Brien are included in the supporting cast, and the production was directed by Marshall Neilan.

Ask Mary Pickford which one of her many roles she had the most fun playing, and she will probably answer "Rebecca" in "Rebecca of Sunnybrook Farm." And the chief reason why she enjoyed this one was because it allowed her to become a little girl once more, and commit all the childish pranks that were denied her when she was herself a youngster.

The next picture starring Will Rogers, the celebrated cow-boy actor, will reveal him in an entirely different role from any he has yet attempted. In "Gulle of Women" he takes the part of a Swedish sailor, and does it to perfection.

"Didn't I tell you about woman? By lies she makes herself strong, and by lies she makes man weak!" is the warning given Hjalmar Maartens (Will Rogers) by his friend Skole (Bert Sprtte) in the picture.

ANY MATERIAL

Here is a model that would be smart in any material. The back, which is loose and box like, has an extension belt fastening in front with the coat-fronts which in turn, fasten blindly straight up to the large draped collar.

PRESBYTERIAN AUXILIARY MEETS TOMORROW AFTERNOON

The regular monthly meeting of the women's auxiliary of the First Presbyterian church will be held tomorrow afternoon in the church parlors.

The auxiliary ladies extend a cordial invitation to all members of the church, and all strangers who are interested in church work.

A classified Ad will sell it.

"FANNY'S WRONG"

If You Catch a Cold

The right medicine at the time saves physical discomfort and suffering. No investment pays so well and is so sure in return as one which protects your health, so why take a chance with a cold?

Free yourself from it before it gets a hold on you and causes you to take to your bed. Keep your mind open and clear, receptive to new thoughts, new inspirations and new ideas.

One of the best chemists in this country has worked out a combination of Aspirin (U. D. Co.) Acetanilide, Aloid and Capsicum that breaks a cold easily and effectively without any disagreeable after-effects. The United Drug company manufacturers this formula under the name of "Rexall Laxative Aspirin (U. D. Co.) Cold Tablets."

If you have a cold and will take them according to directions you will be surprised at the results obtained in a single night.

Where A Cough Exists

When a cold is combined with a cough you should use Rexall Cherry Bark Compound Cough Syrup, which is also a scientifically prepared compound made in the same laboratory and under the same supervision as the Rexall Laxative Aspirin (U. D. Co.) Cold Tablets.

We sell each of these preparations on the money back guarantee.

Old Tale of Gold Cache Lures Many Searchers to Toil

KINGMAN, Kansas, March 1.—The farm of John Ford in the southern part of this county is the site of a buried treasure mystery which is periodically revived by persons who go there seeking a chest containing \$40,000 in gold.

The story is still fresh in the minds of the older settlers here, many of whom say they believe the chest occupies the cache where it was secreted 50 years ago by an army paymaster when he and his detail were attacked by Comanche Indians and later killed. The paymaster and his men were enroute to an army post to pay the soldiers.

They are supposed to have been camped near two big springs on the Ford farm when the attack was made. Both springs were well-known stopping places in the day of the prairie schooner and cattle trail and it is to them the present day treasure seekers go in their quest of fortune. The information of all seems to agree on one point—the gold was buried in one of the springs but each person has a different report as to the exact location.

Years ago many Indians went there in search, inspired by the tale of an old Oklahoma Comanche, who claimed to have been in the band. With his death the Indians stopped coming. However, the lure continues to attract the white man and scarcely a summer passes that some prospector fails to spend a few days here and poking there in the earth about the old springs.

AN INSIDE BATH MAKES YOU LOOK AND FEEL FRESH

Says a Glass of Hot Water With Phosphate Before Breakfast Keeps Illness Away.

Physicians the world over recommend the inside bath, declaring this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly—adv.

John tried it and it didn't work and they were both miserable and now they're fire-hunting in New York.

Detroit Builds Carline

Detroit is out for a finish fight to get better and cheaper street car service. Workmen are shown here laying tracks for the new city-owned line at St. Jean street, despite efforts of the private company to prevent it.

CREAM CLEARS A STUFFED-UP HEAD

Instantly Opens Every Air Passage—Clears Throat Too.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the alimentary canal before eating more food.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who

have bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to show the value of inside bathing.—Adv.
