

**Club Members to Attend Short Course At Summer School**

A dance will be given Friday evening, March 4, by the girls of the Henley sewing and housekeeping clubs at the old cheese factory near the Henley school. Admission will be one dollar a couple, with refreshments served by the girls.

It is planned to raise sufficient money during the next few months to pay the expenses of two club members to the O. A. C. two week's short course for club boys and girls which will be held in June. Frank Sexton, county leader, said today that he planned to have a dozen or more Klamath county club members take the course.

**HOME BUILDERS, INC. MEETING THIS EVENING**

There will be a meeting of the subscribers for stock of the Home Builders' investment company of Klamath Falls at the chamber of commerce rooms, Thursday evening, March 3, 1921, at 7:30, for the purpose of adopting by-laws, to elect a board of directors, and to attend to such other business as may come before the meeting. All subscribers are urged to be present at this meeting.

**Electric Signs Are Blooming Rapidly**

If the business houses of the city continue to decorate the front of their establishments with electric signs, it will not be long until the business section of Klamath Falls will rival the great White Way of New York. Almost weekly a new electric sign is installed, the latest ones being of the flashing variety. These are getting rather numerous and if their number increases Main and some of the cross streets will have a scintillating effect that will be very attractive.

The latest and most elaborate sign is that which has just been installed by the Link River Electric company. It carries out the idea of the lightning flash, the colored lights making it effective.

The first flash sign to make its appearance on Klamath avenue is that of the Buick Sales and Service agency, the design being the well-known Buick trade mark.

**CLAIM NEW GOLD FIELD WILL RIVAL THE YUKON**

DAWSON, Y. T., March 3.—Discoveries heralding the birth of a new Yukon have been made within the last few months in the Mayo area, adjacent to Mayo City, lying in the upper Stewart river country, 150 miles from the great gold centre of Dawson, according to reports reaching here.

These new discoveries are in silver-bearing minerals, breaking in rare richness and extent from the high barren hills forming a spur of the Rocky mountains. Geologists and mining experts who have visited the region lately say that a zone having every formation favorable to extensive silver-lead deposits runs in the Mayo area for at least 25 miles in length, by ten miles in width.

In this belt and outside it rich discoveries are said to have been made. Nearly a thousand mineral claims have been staked, the greater number within the past 18 months.

**ITALIAN TRIP**

MOSCOW, Idaho, March 3.—University of Idaho students have been offered an opportunity by the Italy American society to enter an essay writing contest with a trip to Italy as a prize. The essay is to be on the subject of "Italy's Contributions to Modern Culture." The essay is to be not more than 10,000 words. Entrants must be undergraduate college students.

**SUMMER CLASS WILL STUDY BOTANY IN WILDS**

EUREKA, Cal., Mar. 3.—About 20 students of botany from the University of Chicago are expected to spend the coming summer in the redwood forests of Bull Creek and Dyerville flats, Humboldt county, according to a letter to the Eureka Chamber of Commerce. The trip will be handled by Professor Henry C. Cowles. The students will travel by rail to the upper Sacramento valley and then take automobiles across the mountains.

**PLEASANT CARD PARTY**

MALIN, March 3.—A "500" party at the home of Mrs. Frank Wilde was enjoyed by a number of her friends here Friday afternoon. Refreshments were served by the hostess.

Those present were: Mrs. Jerry Johns, Mrs. C. V. Holmes, Mrs. R. K. Hannon, Mrs. Louis Boldischar, Mrs. W. F. Wygant, and the Misses Carrie Spolek and Marie Rajnus.

**BEATS MONTE CARLO**

MRS. HARRY SCHWARTZ

Mrs. Harry Schwartz of New York played a hunch while honeymooning at Monte Carlo and won, she says, \$100,000. She and her husband have just returned to New York. It was her twentieth birthday and she played "20" on the wheel.

**Dipping Sheep In The Malin District**

MALIN, March 3.—Luther Holbrook dipped his sheep for scabbies last Saturday and Sunday at the C. R. Beardsley ranch east of here. L. V. Hardy, United States government inspector and veterinarian, assisted him in the work.

Mr. Holbrook has been feeding the sheep this winter with prospects of selling them in the spring. His intentions at present are to start the sheep to Midland Wednesday, where they will be shipped to San Francisco.

**OCEAN SHIPMENTS EAST WILL REDUCE FREIGHT**

LOS ANGELES, Cal., March 3.—California vegetables, as well as fruits, have begun to move to eastern markets by water, it is announced by D. J. Hogan, traffic manager of the California Vegetable union.

The water rate from Los Angeles harbor to New York is 65 cents per 100 pounds, compared with \$1.66 by rail.

"Besides New York," Mr. Hogan said recently, "a large number of eastern markets can be reached by water through the many new steamship companies now operating between the Pacific and Atlantic coasts. These include Savannah, Philadelphia, Baltimore and Boston. California produce can be shipped inland westbound as far as Pittsburg at a saving in freight charges over the railroad rate from Los Angeles to Pittsburg."

Immediate shipment by water to eastern markets is planned for large consignments of onions, celery, cauliflower, lettuce, potatoes, oranges, lemons, olives, beans and cottonseed oil.

**Textbook Fund Out**

SACRAMENTO, March 3.—Free textbooks in the schools of California will cost the taxpayers \$527,000, if a bill presented to the 1921 legislature by Senator Allen is passed. This sum was recommended by the budget board and is \$300,000 less than was requested by the state board of education.

Bills have also been offered at the current session to extend the provisions of the free textbook act to several state educational institutions that do not now enjoy them.

**RICE GROWERS ARE NOT DISHEARTENED**

OROVILLE, Cal., March 3.—Practically every Butte county farmer who planted rice in 1920 will try for the same crop in 1921, despite the fact the growers reported losses of thousands of dollars last season.

The 1920 rice crop loss was caused by lack of drainage, insufficient irrigation, a poor market and labor shortage, it is thought. These influences will not be felt next season, farmers believe.

**Lepers Segregated**

SACRAMENTO, March 3.—Arrangements to transfer all lepers in California to the newly established federal leprosarium at Carryville, Louisiana, have been started by the California state board of health. A

census of all persons in the state known to be suffering from the disease is to be made immediately, and when it is completed arrangements for the transfer will be made with the federal government.

**POSTAL EFFICIENCY**

OROVILLE, Cal., Mar. 3.—George Dyer, Oroville, last week received at the local postoffice a letter he said he wrote to his wife from Siberia three years ago. He delivered it to Mrs. Dyer in person.

Dyer said he wrote the letter in February 1918 from Mikolaezak. Later he returned to America and found the letter had not been delivered.

When delivered the envelope carried stamps which indicated it had

visited a score of Siberian cities before starting for America.

**EASE THOSE-TIRED, ACHING MUSCLES**

Outdoor and indoor workers, subject to exposure or heavy toil, find relief in Sloan's Liniment

BEEN at work all day, standing on your feet, lifting heavy weights? And now you're all tired out. Never mind, if you are wise you have a bottle of Sloan's on the shelf, at home or in the shop. Put a little on, without rubbing, and quickly comes grateful warmth and relief.

Good for rheumatic pains, neuralgia, sciatica, lumbago and the host of external pains that are all the time coming. Helps break up colds, too!

It's comforting to keep it handy. Three sizes—35c, 70c, \$1.40.
