

NINETY-SEVEN HOMESTEADS TAKEN UP DURING YEAR
Final entry was made upon 97 homesteads and timber claims in Klamath county during the year ending March 1, 1921, according to a list received by Assessor W. T. Lee from the United States land office at Lakeview. The claims vary from desert and timber lands to the fertile Tule Lake bottom.

Camphor is now being made from turpentine by a synthetic process.

MISSIONARY MEETING
The Women's Missionary society of the Christian church will meet at the home of Mrs. J. B. Vollmer, 1212 Wolford avenue, Thursday afternoon (tomorrow) at 2:30 o'clock. The subject is "Africa" and Mrs. M. L. Miller will lead the discussion.

A large percentage of the mission hospitals of China, of which there are about 250, are destitute of hospital essentials, such as clean clothing, nursing service and pure water.

At the Theaters

THE MONDALE
There will be a delightfully humorous and breezy little laugh skit entitled "From the Page of Life" at the Mondale theater on Wednesday and Thursday next. The team of Storts and Link are the presenters, and succeed in deriving a wealth of hearty laughs from the pages. Intermingled with the dialogue are pleasing song diversions which tend to heighten the pleasure of the act.

The pictures are exceptionally good. The feature presents the screen's greatest delineator of western characterizations, Neal Hart, in "When the Desert Smiles." These are the most thrilling and sensational pictures ever screened. Also a good Mack Sennett comedy that will make you howl.

IT BEATS ANYTHING HE EVER SAW, SAYS BURKE

TACOMA MAN TELLS OF WONDERFUL CHANGE IN CONDITION SINCE TAKING TANLAC. FEELS FINE NOW.

"Well, sir, I don't believe there is any medicine that could have fixed me up like Tanlac has," said M. J. Burke, of 1522 1/2 Broadway, Tacoma.

"For two years or more I hadn't been myself and, in fact, had gone down hill until I had just about reached my limit. I couldn't half work, had rheumatism all over and my stomach gave me all kinds of trouble. I was off in weight, my appetite was pretty near gone and I had pains and cramps that were just about all a man can stand. Gas formed so bad it nearly made me so breath off, and that made me so weak and dizzy I sometimes felt myself about to fall.

"I had such splitting headaches

at times I could hardly see. My arms, shoulders, back and hips ached something awful and I could feel the pains all over my body. I was nervous and restless, slept poorly and it was beginning to look like my days of usefulness were over.

"Talking to a friend one day he suggested that I try Tanlac. Well, it fit my case exactly and the way I picked up beats anything I ever saw. My appetite came back, the indigestion and rheumatism began to leave and I felt better allround. And now there is not one of my old troubles left and I have picked up ten pounds in weight. I sleep fine and feel as good as a fellow could want to."

Tanlac is sold in Klamath Falls by Star Drug Co., in Lorella by James Merc. Co., and in Merrill by Southern Oregon Drug Co., at Modoc Point, E. A. Sutton & Son, at Dairy, W. E. Sedge.—Adv.

LOOK FOR BIG MINING OPERATIONS IN IDAHO

MOSCOW, Idaho, March 8.—That great bodies of gold and silver ore lay in the mountainous regions of south central Idaho awaiting only adequate transportation facilities to make the mining of them possible and profitable, is the essence of a bulletin issued by the Idaho state bureau of mines and geology. The bulletin covers the mountainous territory known as the Thunder mountain, Big Creek, Stanley Basin, Sheep mountain and Seafoam districts and which comprise one of the most inaccessible sections of the state.

The survey was made by Dr. J. B. Umpleby. The report and a geological map were made from his field notes by Professor D. C. Livingston of the University of Idaho school of mines.

Ore in this region is of a low milling grade and hence profitable mining of it is impossible until the prohibitive cost of transportation to the region is partially eliminated.

Hardware men are reaping a harvest due to the crime wave. Padlocks, heavy chains and burglar devices are being sold in larger quantities than they ever have been sold before.

CLASSIFIED ADVERTISEMENTS

WANTED

THE STAR

It's pretty tough when you leave on a journey with two quarts of good liquor snugly tucked away in your suitcase, only to have it stolen before you reach your journey's end. But it's downright tragedy when you patronize a bootlegger and learn that he has sold you your own whiskey at \$2 the drink!

Situations of this sort, particularly timely now, are responsible for the unusual fun opportunities of "What Happened to Jones" which will be shown at the Star tonight with Bryant Washburn as the star.

"What Happened to Jones" is the uproariously funny George Broadhurst comedy of bootlegging and reformers in a dry town. It was adapted for the screen by Elmer Harris, co-author of "So Long Letty" and "Canary Cottage." The production was directed by James Cruze, assisted by Cullen Tate. Kinley Martin is responsible for the photography.

WEATHER RECORD

Hereafter The Herald will publish the mean and maximum temperatures and precipitation record as taken by the U. S. Reclamation service station. Publication will cover the day previous to the paper's issue, up to 5 o'clock of the day.

	Max.	Min.	Precipitation
Mar 1	60	35	—
Mar 2	68	34	—
Mar 3	65	35	—

LOOKS LIKE—WHO?

G. K. CHESTERTON
Gilbert K. Chesterton, famous English writer and dramatist, is in America on a lecture tour. The British say he resembles an American who used to be president and made the "big stick" famous.

Connecticut is establishing an improved salmon hatchery at Madison for restocking eastern streams with this valuable fish.

The high quality of success that follows advertising in the classified column of The Herald is due to the intelligence of its readers.

NOTICE INVITING PROPOSALS TO PURCHASE SEWER BONDS

Sealed proposals will be received by the Common Council of the city of Klamath Falls, Oregon, until Monday, the 14th day of March, A. D. 1921 at the hour of 8 o'clock P. M. of said day, at the city hall in said city at which time and place proposals to purchase will be opened and considered, for the purchase of \$50,735.00, city of Klamath Falls, general obligation bonds, payable 20 years from date of issue, bearing a rate of interest not exceeding six per cent per annum; interest payable semi-annually; principal and interest payable at Oregon Fiscal Agency in the city of New York, State of New York, or at the office of the treasurer of said city as determined by mutual agreement of purchaser and council. These bonds are to be issued in denominations of one thousand dollars, (\$1000.00) each, and to be numbered from one to fifty-one inclusive.

Said bonds are to be issued in pursuance of Ordinance No. 498 of said city; and are to be issued for the purpose of installing a sewer system in the territory known as Mills Addition, in accordance with the plans, specifications and estimates of the city engineer. Each proposal to purchase said bonds must be accompanied by a check for 5% of the amount of the proposal certified by some responsible bank and payable to said city. Proposals must be sealed and endorsed: "Proposals to purchase Mills Addition sewer bonds."

Said bonds are to be sold for cash at date of delivery, and for a price not less than par.

The right to reject any and all proposals, is hereby reserved.

By order of the Common Council.
A. L. LBAVITT,
Police Judge of the city of Klamath Falls, Oregon.
Feb. 10—M-14

What Sick People and Prospective Mothers Want in Home or Hospital:

Safe, Sane, Prompt, Proper Professional care and results at minimum cost. (Collective meaning, Preventive Surgery) Surgical cases belong in a Surgical hospital. Most others can be efficiently and more economically cared for at home.
