

ILLEGAL DRUG SEIZED, MALIN

MALIN, March 14.—The identification as "Yen Shee" of the drug found in the postoffice here some weeks ago and thought to be opium, has just been made by the state dairy and food commissioner. His discovery is told in a letter received here this week.

The drug, in the form of a black powder, was brought to light here from a roll of Chinese newspapers addressed to a Chinaman. The Chinaman was never seen in this district and no one called for the papers. After the usual time the package was destroyed by the postmaster, who found the package of opium and suspected it of being opium. It has a penetrating and nauseating odor.

After several attempts to find out what it was, it was sent to C. L. Hawley, dairy and food commissioner at Portland. After examining it Mr. Hawley wrote: "I have tested out the sample of 'black powder' taken from a package addressed to a Chinaman in your district and have found it to be 'Yen Shee,' the burned opium left in the pipe after smoking same. This residue sells for a dollar a package ordinarily and is eaten by Chinamen, giving the mild effect of opium. As the sale of same is strictly illegal the sample which you have should be destroyed."

SAW MIRAGE ON SIDEWALK

College Professor Records Interesting Observation He Made on the Streets of a City.

A curious case of sidewalk mirage was described by Prof. F. W. McNair of Michigan College of Mining. Prof. McNair wrote in Science:

"I was walking eastward on a cement sidewalk on a street running nearly east and west, and moving up a moderate grade which joins a nearly level stretch of walk. On reaching a point which brought my eye slightly above the level portion, and at which normally the level stretch would have been seen in its entire length, but much foreshortened, I observed instead what appeared to be a stretch of clear dark water covering the entire width of the walk and brilliantly reflecting moving persons and other objects in sight beyond it.

"The sky was clear, the air cool, the sun high. It was about 3 o'clock p. m., local time. There was a moderate breeze. The angle of observation was very small, probably not above three degrees. A step or two either east or west, and the water was gone, but within the proper limits, the illusion was definite and continuing. The weather bureau report for the day indicated that approximately 30 feet above the spot where the mirage was observed the air temperature was about 60 degrees F., and the humidity about 63 degrees."

The resemblance between conditions here described and those which produce the mirage on the plains is obvious.

BELIEVE DEVIL RULES EARTH

Probably Queerest Religious Faith is That of Tribe of Kurdish and Arabian Blood.

One of the strangest religious sects in the world is known as the Yezidi, a race of mixed Kurdish and Arabian blood. They worship the devil, and believe he will rule the earth for 10,000 years, 4,000 of this number having already passed. On the theory that Jesus is good, and will not harm them, they give most of their devotion and sacrifice to the devil who, they assert, will at the end of the next 6,000 years, be put into hell, where he will weep so hard he will put out the fires, and then will be pardoned and given back his rightful place in heaven.

The Yezidi believe that there were 71 Adams and a similar number of Eves, and that the originals once had a great dispute as to who was the most important, the man or the woman. To prove the matter the women split in one great jar and the men in another, and the jars were sealed for nine months. At the end of that period they were opened, and from the women's jar leaped a pile of snakes and worms, while from the men's jar came a beautiful boy and girl. In spite of their strange beliefs they are very industrious, honest, hospitable and kindly, although steeped in dense ignorance, one phase of their religion forbidding them to learn letters.

LARGE TOURING PARTY COMING HERE IN JULY

A letter to the Chamber of Commerce from H. V. Kaltenborn, tour manager of the Brooklyn Eagle tourist party, announces that the famous tourists, 135 strong, will arrive in this city on or about July 14, and will formally dedicate Klamath Falls as the gateway to Crater National park. The party will be entertained by the Chamber of Commerce, but it is too early for the chamber to say what the nature of the entertainment will be. It is assumed, however, that a trip to Crater lake will be the big feature.

This tour is sponsored by the Brooklyn Eagle, and the party will include business men of the east. They will leave Baltimore by special steamer on June 1, and will make the trip to Los Angeles by way of Panama canal, stopping at places of interest enroute. After a short sojourn in the Los Angeles vicinity, the party will go to the Hawaiian islands, where they will be entertained royally. On the return trip they will stop at San Francisco, and then tour the western states, before returning east by rail. All the national parks enroute east will be visited, and this includes Crater Lake National park.

The Chamber of Commerce will exert every energy to make the visit of these tourists attractive to them, as the value of the publicity that will be obtained thereby can hardly be overestimated.

A circular saw mounted on a carriage and operated by electric power makes it possible to bring it to work in any conceivable position. It is said the consumption of current is extremely moderate.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharge or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and stuffed-up and miserable catarrh sufferer needs. Don't stay in bed.

Advertising pays. Try it and see.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays you simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

SULPHUR EASES PILES AT ONCE

Almost Instant Relief and at Very Small Cost

The moment you apply a little Mentho-Sulphur the itching irritation and bleeding stops. Don't continue to suffer because quick relief awaits you.

Any druggist will supply you with a small jar of Mentho-Sulphur. This seems to soothe, heal and dry up the trouble quicker than anything else.—Adv.

IF KIDNEYS ACT BAD TAKE SALTS

Says Bachache Is Sign You Have Been Eating Too Much Meat.

When you awake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, dizzy spells; your stomach scours, tongue is coated, and when the weather is had you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.
