Merrill Wins From Bonanza Hoopers

The Bonanza high school girls and boys basket ball teams went to defeat in games with the Merrill high school teams Friday on the Merrill court. The scores stood: girls 6-15 and boys 13-15. Merrill high school admitted the first defeat of the season in games at Bonanza Friday the 5th., the scores being: girls 6-13 and boys 7-53. The unevenly matched teams were due to a misunderstanding between the two schools as to size and weight of the players. The regular Merrill high school teams played Friday which resulted in close and well matched games.

FORUM MEETING

The regular weekly Chamber of Commerce forum will be held in the banquet room of the Chamber of Commerce tomorrow at 12:15, and Secretary Stanley announces that a subject vital to every member will be discussed. The customary musical and vocal entertainment will be enjoyed, and every seat at the banquet table is expected to be occupied.

Do You Know the Facts About Building Costs?

Do you know THAT LUMBER and building materials are down?
Have you talked TO US LATELY about building?
Do you know how reasonably you can make needed repairs, build your new HOME, OR REMODEL your old one?
Better get in TOUCH WITH THE situation at once.

The big building program that was expected in 1920 failed to develop. The manufacturers were caught with too large stocks, and were forced to TURN THEM OVER at almost cost.

We can show you a SUBSTANTIAL saving on every item in our line.

But it's only fair to tell you this condition may be only temporary. The country is short more than a million homes. Our own city is short 250 homes. When people begin to do this long delayed building, demand will increase rapidly, creating another shortage of materials, AND PRICES will advance again.

If you are planning to build, or repair, come in and let us give you figures. Then when we show you the actual savings over last year's prices and show you how favorably present costs compare with THOSE OF 1914, make your own decision.
