OAK FLOORS OVER OLD FLOORS

Oak floors are often found in such costly surroundings that few imagine how little they cost. Very few people realize how much they can get for their money by laying 3/4-inch Oak floors over old floors.

The distinctive modern and artistic appearance of a home, as well as its health and comfort, will be greatly increased by the use of Oak flooring. Oak flooring is rich and cheerful in color, and imparts an air of elegance and refinement to a home.

For permanently artistic floors we recommend Long-Bell Forked Leaf Oak Flooring. It is uniform as to color and texture, perfect as to manufacture and is of superior quality. Its remarkably smooth surface is unsurpassed, and it makes an ideal foundation for a beautiful interior.

Let us know the size of the rooms you wish to floor. You will be surprised and pleased at the figures we can quote you on 3/4-inch Long-Bell Forked Leaf Oak Flooring.
