WASHINGTON, April 2.—Senator Shortridge of California, acting in response to hopgrowers of Oregon, Washington and California, will make an effort to have included in the emergency tariff a duty of 32 cents on hops, or double the present duty. Joseph McNeff, of Portland, conferred with Senator McNary and later at the latter's suggestion appeared before Congressman Hawley, chairman of the subcommittee of the ways and means committee on agricultural products. Senator Shortridge also will ask a tariff in the emergency measure for barley.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair, a few applications make it soft, lustrous and wavy, and gives it an appearance of abundance.

This Compound is a favorite toilet preparation. Don't keep your friends guessing how you do it. Don't let them discover the secret. Don't tell them anything, but when they ask you what you use to get your hair so beautiful, just say Wyeth's Sage and Sulphur Compound.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations.
